Photo from @WTFMVNT event: Hidden Hippies Open Mic

A 19 year old from North Carolina who made his way to Florida to pursue his dream career in music.

Growing up in the church, and participating in school band gave him a soulful, and educated background in music.

Kenny's creates RnB music with heavy Lofi and Hip Hop influences.

It stirs listeners with something nostalgic, yet familiar. With textured vocals, groove inducing production and relatable lyrics.

Kenny has a song for you.
