TO CARE FOR YOUR FURNITURE

Polywood furniture should be cleaned frequently with soap and water in coastal or harsh conditions. This furniture requires no storage even in snowy climates. Do not place HOT items on poly furniture. With proper care you will get a lifetime of enjoyment out of your fine furniture.

ORDERING INFORMATION

	Quantity	Item #	Description	Color Name	Color Number
Example:	2	#200	Single Glider	Aruba Blue 31 on	White 16

To ensure that your order is correctly processed, please provide the following information:
If your furniture is to be in two-tones always provide top color first.

Example: A chair ordered in weatherwood on ivory will have weatherwood back, seat and arms and the base will be ivory.
