**Care and support of you and your loved one is our priority.**

We at **Nottinghamshire Funeral Service Limited** believe that an affordable funeral service should be available to everyone. This is why our **Direct Cremation** package starts at **£1500.00** for any Nottinghamshire crematorium.

We don't have top of the range limousines, nor is our hearse the newest model. Because of that, we can afford to keep our prices low. But we are a professional, family led business, that continues to serve our community with care and with dignity. We are happy for you to come and visit our premises, either in Carlton or Arnold to reassure you that your loved one will be cared for correctly and properly. Our Google reviews are genuine: from real families that we have supported through the loss of a loved one.

This is Bella, a key member of our team, who provides comfort during meetings or even attends the service if needs be. We like to think we offer a friendly, down to earth, yet professional approach to the funeral business.

All our packages are clearly priced, with no hidden fees or unexpected add-ons.

Why not give us a call or pop into one of our branches to have a chat with us?

We also work with a partner providing funeral plans.
