

PRIDE AND JOY RESCUE

Most horses that come to Pride and Joy Rescue has endured unimaginable hardship. Their gentle spirits have been broken by cruelty and neglect. But with your help, we can give them back their dignity.

At Pride and Joy Rescue, we welcome slaughter-bound, surrendered, and law enforcement horses. Under our care, they find safety, patience, and hope. Our veterinarians provide complete medical care so the horses can heal. Our trainers gently rebuild their trust in humans. For some horses, the rescue becomes their forever home where they can live out their days in peace.

We also strive to educate. Local organizations visit to learn about proper equine care. Families bond with the horses, seeing them as the sensitive beings they are. Clinics teach current owners the compassion a horse deserves.

With your donation, you can change an innocent life. Sponsor a horse and receive updates on their progress. See their eyes regain their spark. Witness their transformation from fear to trust. Support our mission through monthly giving or fundraising campaigns. With your help, we can show horses the goodness in humankind.

At Pride and Joy Rescue, we believe each horse's story deserves a happy ending. Please join us and be the light that guides them home.
