

CAFESPA

Questions you might be asked at your farmers market

How did you make the soap? We create the soap here locally using natural ingredients and a cold press process that does not involve any heat, preserving the natural benefits.

Do you use compostable packaging? Yes, we use compostable packaging. Even though it is more expensive, we believe it is worth it for the sake of the environment.

Where do the coffee beans come from? The coffee beans we use come from Colombia and Brazil.

Where do you roast coffee? We roast coffee here in small batches locally ourselves.

What sprays/pesticides/herbicides do you use? We do not use any sprays, pesticides, or herbicides. Instead, we employ 100% organic methods without the use of harsh chemicals.

Do you have any certifications? I am both Fairtrade Certified and SCS Certified, guaranteeing that I adhere to set environmental standards and use recycled materials.
