Notes to the Financial Statements

For the Year Ended 30 June 2020

The financial report covers Inverell East Bowling Club Limited trading as Inverell Sporties as an individual entity. Inverell East Bowling Club Limited trading as Inverell Sporties is a not-for-profit Company limited by guarantee, incorporated and domiciled in Australia.

The functional and presentation currency of Inverell East Bowling Club Limited trading as Inverell Sporties is Australian dollars.

Comparatives are consistent with prior years, unless otherwise stated.

1 Basis of Preparation

The financial statements are general purpose financial statements that have been prepared in accordance with the Australian Accounting Standards - Reduced Disclosure Requirements and the *Corporations Act 2001*.

The financial statements have been prepared on an accruals basis and are based on historical costs modified, where applicable, by the measurement at fair value of selected non-current assets, financial assets and financial liabilities.

Significant accounting policies adopted in the preparation of these financial statements are presented below and are consistent with prior reporting periods unless otherwise stated.

2 Summary of Significant Accounting Policies

(a) Change in accounting policy

The Company has adopted AASB 15 Revenue from Contracts with Customers, AASB 1058 Income of Not for Profit Entities and AASB 16 Leases for the first time in the current year as at 1 July 2019.

As a result there has been no material adjustments to the company's reported fianncial position, performance or cashflow. The only impacts have been changes in disclosure in the financial statements.

(b) Revenue and other income

Revenue from contracts with customers

The core principle of AASB 15 is that revenue is recognised on a basis that reflects the transfer of promised goods or services to customers at an amount that reflects the consideration the Company expects to receive in exchange for those goods or services. Revenue is recognised by applying a five-step model as follows:

- 1. Identify the contract with the customer
- 2. Identify the performance obligations
- 3. Determine the transaction price
- 4. Allocate the transaction price to the performance obligations
- 5. Recognise revenue as and when control of the performance obligations is transferred

Generally the timing of the payment for sale of goods and rendering of services corresponds closely to the timing of satisfaction of the performance obligations, however where there is a difference, it will result in the recognition of a receivable, contract asset or contract liability.

Notes to the Financial Statements

For the Year Ended 30 June 2020

2 Summary of Significant Accounting Policies continued

(b) Revenue and other income continued

Revenue from contracts with customers continued

None of the revenue streams of the Company have any significant financing terms as there is less than 12 months between receipt of funds and satisfaction of performance obligations.

Specific revenue streams

The revenue recognition policies for the principal revenue streams of the Company are:

Sale of goods

Revenue is recognised on transfer of goods to the customer including bar, coffee bar and catering as this is deemed to be the point in time when risks and rewards are transferred and there is no longer any ownership or effective control over the goods.

Interest revenue

Interest is recognised using the effective interest method.

Rendering of services

Revenue in relation to rendering of services including poker machines, Keno, raffles, TAB and bingo are recognised upon delivery of the service to the customer.

Subscriptions

Revenue from the provision of membership subscriptions is recognised on a straight line basis over time duriong the financial year. Where the company receives membership fees for subsequent financial years this is recognised as a contract liability.

Other income

Other income is recognised on an accruals basis when the Company has an enforceable contract and met the performance obligations in the contract. Other sundry revenue is recognised when received.

(c) Borrowing costs

All borrowing costs are recognised as an expense in the period in which they are incurred.

(d) Income Tax

The Company is exempt from income tax under Division 50 of the Income Tax Assessment Act 1997.

No provision for income tax has been raised as the Company is exempt from income tax under Div 50 of the *Income Tax Assessment Act 1997*.

2 Summary of Significant Accounting Policies continued

(e) Goods and services tax (GST)

Revenue, expenses and assets are recognised net of the amount of goods and services tax (GST), except where the amount of GST incurred is not recoverable from the Australian Taxation Office (ATO).

Receivables and payable are stated inclusive of GST.

Cash flows in the statement of cash flows are included on a gross basis and the GST component of cash flows arising from investing and financing activities which is recoverable from, or payable to, the taxation authority is classified as operating cash flows.

(f) Cash and cash equivalents

Cash and cash equivalents comprises cash on hand, demand deposits and short-term investments with original maturities of three months or less which are readily convertible to known amounts of cash and which are subject to an insignificant risk of change in value.

(g) Inventories

Inventories are measured at the lower of cost and net realisable value.

(h) Property, plant and equipment

Each class of property, plant and equipment is carried at cost, where applicable, any accumulated depreciation and impairment.

Land and buildings

Freehold land and buildings are shown at their cost less, where applicable, any accumulated depreciation and impairment losses. The recoverable amount of buildings for not-for-profit entities is the current replacement cost discounted to current asset condition.

Plant and equipment

Plant and equipment are measured on the cost basis. The carrying amount of plant and equipment is reviewed annually by directors to ensure it is not in excess of the recoverable amount from these assets. The recoverable amount of plant and equipment for not-for-profit entities is the current replacement cost discounted to current asset condition.

Depreciation

Property, plant and equipment, excluding freehold land, is depreciated on a straight-line basis over the assets useful life to the Company, commencing when the asset is ready for use.

The depreciation rates used for each class of depreciable asset are shown below:

Fixed asset class

Depreciation rate

ABN: 99 001 060 813

Notes to the Financial Statements

For the Year Ended 30 June 2020

2 Summary of Significant Accounting Policies continued

(h) Property, plant and equipment continued

Fixed asset class	Depreciation rate
Plant & Equipment, Furniture & Fittings	10-40%
Furniture, Fixtures and Fittings	5-50%
Motor Vehicles	22.50%
Gaming Machines	20%

At the end of each annual reporting period, the depreciation method, useful life and residual value of each asset is reviewed. Any revisions are accounted for prospectively as a change in estimate.

(i) Poker machine entitlements

The Company, as a result of State legislation, received for no cost, poker machine entitlements. These entitlements can be sold should the company decide to reduce, or cease, its poker machine activities. The company has not recorded the poker machine entitlements in the financial statements as there was no fair value on acquisition of these entitlements and there is no sufficiently deep and active market to determine changes in fair value as required by accounting standards.

(i) Employee benefits

Provision is made for the Company's liability for employee benefits arising from services rendered by employees to the end of the reporting period. Employee benefits that are expected to be wholly settled within one year have been measured at the amounts expected to be paid when the liability is settled.

Employee benefits expected to be settled more than one year after the end of the reporting period have been measured at the present value of the estimated future cash outflows to be made for those benefits. In determining the liability, consideration is given to employee wage increases and the probability that the employee may satisfy vesting requirements. Cashflows are discounted using market yields on high quality corporate bond rates incorporating bonds rated AAA or AA by credit agencies, with terms to maturity that match the expected timing of cashflows. Changes in the measurement of the liability are recognised in profit or loss.

(k) Financial instruments

Initial Recognition and Measurement

Financial assets and financial liabilities are recognised when the Company becomes a party to the contractual provisions to the instrument. For financial assets, this is the date that the Company commits itself to either the purchase or sale of the asset (i.e. trade date accounting is adopted).

Financial instruments (except for trade receivables) are initially measured at fair value plus transaction costs, except where the instrument is classified as "at fair value through profit or loss", in which case transaction costs are expensed to profit or loss immediately. Where available, quoted prices in an active market are used to determine fair value. In other circumstances, valuation techniques are adopted.

Trade receivables are initially measured at the transaction price if the trade receivables do not contain significant financing component.

Classification and Subsequent Measurement

Financial assets and liabilities are subsequently measured at amortised cost.

ABN: 99 001 060 813

Notes to the Financial Statements

For the Year Ended 30 June 2020

2 Summary of Significant Accounting Policies continued

(k) Financial instruments continued

Investments classified at amortised cost

The Company's investments in term deposits are measured at amortised costs using the effective interest rate method, with revenue recognised on an effective yield basis.

In addition, if there is objective evidence that the investment has been impaired the financial asset is measured at the present value of estimated cash flows. Any changes to the carrying amount of the investment are recognised in profit or loss.

Finacial liabilities at amortised cost

The Vendor loans are measured at amortised cost using the effective interest method. Although, the loans are interest free the Company has not discounted the cash flow repayments over the life of the loan. The Company considers any discount due to the interest free terms would not be material to the financial statements.

(I) New accounting standards for application in future periods

The AASB has issued new and amended Accounting Standards and Interpretations that have mandatory application dates for future reporting periods. The directors have decided against early adoption of these Standards, but does not expect the adoption of these standards to have any impact on the reported position or performance of the Company.

3 Critical Accounting Estimates and Judgment

The directors make estimates and judgements during the preparation of these financial statements regarding assumptions about current and future events affecting transactions and balances.

These estimates and judgements are based on the best information available at the time of preparing the financial statements, however as additional information is known then the actual results may differ from the estimates.

The significant estimates and judgements made have been described below.

Key estimates - impairment of property, plant and equipment

The Company assesses impairment at the end of each reporting period by evaluating conditions specific to the Company that may be indicative of impairment triggers. Recoverable amounts of relevant assets are reassessed using value-in-use calculations which incorporate various key assumptions.

Key estimates- Useful lives of assets

The Company determines the estimated useful lives and related depreciation and amortisation charges for its property, plant and equipment. The useful lives could change significantly as a result of technical innovations or some other event. The depreciation amortisation charge will increase where the useful lives are less than previously estimated lives, or technically obsolete or non-strategic assets that have been abandoned or sold will be written off or written down.

Revaluation of Land and Buildings

The Company engaged a valuer to conduct a valuation of land and buildings during the 2018/19 financial year. This valuation was based upon the alternative use valuation methodology and valued land and buildings at \$750,000. This valuation is not suitable for accounting purposes under AASB 13, therefore, the Company has decided to not make an adjustment to the value in the financial statements. The Company intends to conduct a valuation for accounting purposes in the future.

Notes to the Financial Statements

For the Year Ended 30 June 2020

16 Financial Risk Management

The Company's financial instruments consist mainly of deposits with banks, short-term investments, accounts receivable and payable.

The main risks the Company is exposed to through it's financial instruments are interest rate risk, liquidity risk and credit risk

Credit risk

The maximum exposure to credit risk, excluding the value of any collateral or other security, at balance date to recognised financial assets, is the carrying amount, net of any provisions for impairment of those assets, as disclosed in the statement of financial position and notes to the financial statements.

The Company does not have any material credit risk exposure to any single receivable or group of receivables under financial instruments entered into by the Company.

Liquidity risk

The Company manages liquidity risk by monitoring forecast cash flows and ensuring that adequate unutilised borrowing facilities are maintained.

Interest rate risk

The Company's exposure to interest rate risk, which is the risk that a financial instruments value will fluctuate as a result of changes in market interest rates and the effective weighted average interest rates on classes of financial assets and financial liabilities. The Company does not consider it has a material risk from interest rate risk as interest is only derived from term deposits and borrowings. This position is reviewed on an ongoing basis.

Notes to the Financial Statements

For the Year Ended 30 June 2020

22 Impact of COVID-19

During the second half of the financial year an exceptional event occurred - the Coronavirus (COVID-19) pandemic, bringing unprecendented restrictions from the Australian Government on travel, gatherings, movements and work for non-essential businesses with the aim of containing the spread of the virus.

The Company was impacted by Government restrictions including closure of the Club during State imposed lockdowns especially on pubs and clubs. This resulted in reduction in core trading activities during April to June but was able to obtain various government stimulus payments including Jobkeeper, PAYG grants and NSW carry on subsidies. With the easing of restrictions the Club was able to return to normal operations with suitable restrictions on physically distancing.

However, Directors and management acknowledge there is continuing uncertainty regarding the ongoing impact of COVID-19, especially if the Government was to impose a second lock down in NSW and again force clubs to close. Directors and management consider it may be eligible to obtain suitable Government support and has sufficient financial resources to be able to operate if this was to occur.

23 Events Occurring After the Reporting Date

The financial report was authorised for issue on 11 September 2020 by the board of directors.

No matters or circumstances have arisen since the end of the financial year which significantly affected or may significantly affect the operations of the Company, the results of those operations, or the state of affairs of the Company.

Independent Audit Report to the members of Inverell East Bowling Club Limited trading as Inverell Sporties

Report on the Audit of the Financial Report

Opinion

We have audited the financial report of Inverell East Bowling Club Limited trading as Inverell Sporties (the Company), which comprises the statement of financial position as at 30 June 2020, the statement of profit or loss and other comprehensive income, the statement of changes in equity and the statement of cash flows for the year then ended, and notes to the financial statements, including a summary of significant accounting policies, and the directors' declaration.

In our opinion, the accompanying financial report of the Company is in accordance with the Corporations Act 2001, including:

- (i) giving a true and fair view of the Company's financial position as at 30 June 2020 and of its financial performance for the year ended; and
- (ii) complying with Australian Accounting Standards Reduced Disclosure Requirements and the Corporations Regulations 2001.

Basis for Opinion

We conducted our audit in accordance with Australian Auditing Standards. Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Report* section of our report. We are independent of the Company in accordance with the auditor independence requirements of the *Corporations Act 2001* and the ethical requirements of the Accounting Professional and Ethical Standards Board's APES 110 *Code of Ethics for Professional Accountants* (the Code) that are relevant to our audit of the financial report in Australia. We have also fulfilled our other ethical responsibilities in accordance with the Code.

We confirm that the independence declaration required by the *Corporations Act 2001*, which has been given to the directors of the Company, would be in the same terms if given to the directors as at the time of this auditor's report.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Responsibilities of Directors for the Financial Report

The directors of the Company are responsible for the preparation of the financial report that gives a true and fair view in accordance with Australian Accounting Standards - Reduced Disclosure Requirements and the *Corporations Act 2001* and for such internal control as the directors determine is necessary to enable the preparation of the financial report that gives a true and fair view and is free from material misstatement, whether due to fraud or error.

In preparing the financial report, the directors are responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the directors either intend to liquidate the Company or to cease operations, or have no realistic alternative but to do so.

We're a part of your world.

Auditor's Responsibilities for the Audit of the Financial Report

Our objectives are to obtain reasonable assurance about whether the financial report as a whole is free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with Australian Auditing Standards will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of the financial report.
