What types of Services do you provide?

We are a Full-Service Catering & Event Planning Firm. We handle your entire event from set-up to clean-up. We offer our clients wonderfully prepared food, great service, including an Event Coordinator to oversee every aspect of your event. Each Catered event comes with Black Food Table linens and Décor (non-floral displays, silver or champagne linen toppers, lifts and other displays for the food & beverage tables.) We also offer Licensed Bar Services, Event Planning, Transportation & Hospitality Coordination.

What are your prices for a Buffet Catered Event compared to a Plated Sit-Down Event?

We have some sample menu's priced out for your review. All those are the same no matter if its Buffet or a Formal Plated Sit-Down Dinner. The only additional Cost is the Added Staff for the Plated Event. We need more staff to handle the individually plated food that goes to each Guest at Each Table. Costs are \$100 for extra Server & \$150 for Chef's for each event!

Do you do to accommodate Guest Dietary Issues?

We can accommodate most Guest special dietary concerns (Gluten Free, Vegetarians, Vegans and other Dietary issues & Allergies). We do not Charge Extra for this service. We just ask that these special needs are addressed in the meeting with the Chef prior to your event, can have special meals made, as well as special signs at the event.

Can we Sample Food?

We are happy to offer the opportunity for food tastings. Our Catering CAFÉ offers an affordably priced menu that you can try. We are open Monday to Friday, from 11:00 am – 8:00 pm. **Scheduled Tastings** are Tuesday to Friday, from 11:00 am – 7:00 pm and are determined by availability of the Executive Chef and/or Event Coordinator.

Private Tastings can be Scheduled 5 days a week.

A “general” catering menu tasting is limited to two people. For a “Custom Menu Specific” Tasting, there is a charge of \$10 per person and includes a tasty beverage. (Your payment will be credited towards your event for these charges on your final invoice, if we are chosen as your caterer.)

Where it is All About “The Presentation, The Food & The Service!”

We know how important Food Safety is as a Prime Caterer in the Lake Norman and Greater Charlotte Region. The COVID-19 (commonly called coronavirus) National Emergency made us switch from Catering to utilizing our large Catering Kitchen in Mooresville, NC for our Catering CAFÉ. We expanded our Hours during the Weekdays to 11 am to 8 pm, Expanded our To-Go & Delivery services to 6 ways to Order Online, and made sure our Safety & Security of our Staff and our Clients are always maintained as we have in the past.

Staff Spacing within the Workplace. - When we designed the Catering Kitchen in 2017, the cooking, prep & cleaning area was over 1350 SF with only 3 to 4 staff working together. So we have plenty of work space even during the busiest Catering days.

Cleanliness & Sanitation - We have a current 98 out of 100 A - Rating by the Iredell Heath Dept. and in the past, have had minor issues that were resolved quickly or needing slight repair. We have always used Sealed Bottled Spray Sanitizer & Disinfectants for the entire facility. (We have Not had to rely on staff to premixed the proper required contents meeting the FDA & Health Dept. guidelines and put in a standard spray bottle, which also has a limited shelf life). Our HVAC mini-split systems have anti-allergy filters that capture allergens and use an enzyme catalyst to break them down, cleaning our CAFÉ air as it passes through the indoor cooling units.

Reduced Capacity inside Catering Kitchen & CAFÉ - When we designed our Catering Kitchen & the Showroom turned into the CAFÉ, at the first opening, we received an Occupancy Permit with a 61 person capacity rating. However, we opted to only have 36 Seats inside the Catering CAFÉ from the start. We Opted Not to have the full allotted seat capacity, which is normal for new restaurants. We are in compliance with the New Normal on how many are allowed into Sit Down Eating Establishments and will Continue to stay with our Current indoor Seating as before. This does Not include the ever Expanding, Covered, Outdoor Seating Dining area with up to an additional 20 seats.

The Future - We are currently starting the process to upgrade our Front CAFÉ area once the items are delivered & installed. It will include a CDC & FDA approved Germicidal UV Light system to reduce and inactivate the pathogens with a simple process prior to anyone entering the CAFÉ each and every morning. It can also be turned on between lunch & dinner service when No One is in the CAFÉ. We may also be beta testing a thermal imaging system to automate temperature screening system that reduces the need for a close contact thermometer, for all those who enter the CAFÉ, including Staff. It will allow clients to simply walk in, pause for a few seconds and then proceed. More information on this is needed before we even think to start the beta testing.
