Checklist to a GREAT Party

Choose a theme: Guests are welcome to bring in their own additional decorations to bring a specific birthday party theme to life. Whether it's robots or sports, mermaids, superheroes, firefighters, puppies or dinosaurs, your little one's favorite things can come to life at Pizza Man

Planning your guest list: . Is your party going to be a family party, a friends party or both?

Set a Date & Time: If your kid's birthday falls on a weekday, it might be easier to choose a weekend to have the party. Check your calendar to see what else your family has going on.

Send out Invites: Be sure everyone you want there to celebrate has the party on their calendars. While you can head to a party store or make your own invitations, we have online birthday invitations that are simple to email or text to your whole guest list and receive RSVPs.

FREE

Send Thank You Notes: Make sure you show appreciation for those who joined you for your child's special day. You can purchase "Thank You" notes from a store or choose one from our online "Thank You" notes for FREE

What To Expect from Us

We at Pizza Man are honored to host your child's Birthday Party. We realize that this is a very special time to make memories and have a blast doing it. You can expect a professional staff to handle a special party. Our host or hostess is trained to guide the party and interact with the children and also assist with picture taking. They will also assist with pizza and sundae building and guided tour if required packages are chosen.
