Tunison by Isaac Southard and wife by deed dated May 5th, 1843." In the quit claim deed of Eliza T.E. Tunison, the property is referred to as the "dwelling houses and premises situate on Bridge and South streets in the village of Somerville." Lamb. The last letters of correspondence in Folder 29 are dated 1983-84, which confirm that Elizabeth Long Crouch, while the creator of the collection, could not have been the donor. The second series is comprised of photographs of the Tunison, Long and allied families. The series consists of cabinet cards that were placed in a Victorian photo album as well as numerous loose cabinet cards, cartes de visites, and other photographs of varying sizes. -Folders 30-57 contain the cabinet card photos from the album which was dissembled and the original order of the photos retained. The photos were accompanied by slips of paper, #1-#29, naming the subject of the photo if known, and adding identifying information. #13 was assumed missing as there was a blank page found between #12 and #14.

	-Folders 58-108 begin with two ferrotypes and are followed by cabinet cards, cartes de visite and other photographs which are ordered by family groups, followed by single individuals, and then unidentified cartes de visite judged to be from the 1860s. -Folders 118-120, contain two photographs of the William H. These manuscripts and photographs would be of interest not only to the New Jersey branch of these families, but to the extended family that has migrated throughout the country as it contains family history research on the origin of the family as well as photographs of family members who moved to other parts of the U.S., including Kansas, Massachusetts, New Mexico, New York, Ohio, Pennsylvania, and Utah.

The collection is ordered in the original order of the album and includes cabinet cards; and photos cut from larger family portraits to fit in the photo album. The collection includes numerous portraits of young women, wedding portraits, and family group portraits including those of children. Family names include Mihok, Polahar, Souca, Mizsek, and Gega. A check of Ancestry.com suggests that the families are from Slovakia or Czechoslovakia and lived in Raritan Borough, Somerset County, New Jersey. The photographs are not all labeled, but some of the unidentified people can be identified from their faces and matching outfits worn in other photographs. The names penciled on the backs of the portraits were copied from the names written on the photo album pages. Names written in square brackets are not original to the photo album. The name Miss Mary M. Mihok is written on the inside cover of album so it is probable that it is her photograph album as she also appears in some of the photographs.		Processed	Van Veghten House

A Collection No. 031 Manuscript	Collection of 10 folders consisting of petitions and reports relating to the Branchburg Township School District, Somerset County, N.J. Manuscripts date from 1847 to 1849 with one item undated. The manuscripts consist of two subjects: The first is the proposed union of schools accompanied by petitions for and against the union. The second is a number of Reports of the Superintendent of Schools and Accounts of the Branchburg School District. The Superintendent Reports include funds paid for schooling of poor children. Most reports are signed by A. Fleming; the rest are unsigned. Also included in the collection is a request from the Branchburg Township Committee to the Union School District to pay monies owed to teacher, William H. Jeliff. It appears that the School Districts in questions were ultimately united. From the Superintendent's Report for year ending 10 Apr 1848, "Their (six) has been two Districts united at the North Branch and in Bridgewater with one in Branch Burgh also Districts No. 1 & 2 known as Milltown & Center have been united . . . " This collection would be of interest to one researching the history of the schools in the Branchburg/Bridgewater area of Somerset County, N.J. as well as those interested in Superintendent Andrew Fleming and/or residents whose names appear on the school petitions. The legible names from the petitions have been added as search terms in order to aid genealogical researchers.	Good to Fair	Processed	Van Veghten House
