...Commitment to Building Champions!

## BOND INFORMATION:

\* The bond issue for the high school was passed in 2014, and required - at the time - a 33% tax increase. Because Watonga's property value has grown, homeowners are paying the same rate in bond-related taxes today as they were before the 2014 bond election!

\* In this Bond, we are asking you to commit to only a 7.49% increase. This would take the tax rate to 25 mills which is the same as or lower than other communities of similar size in our area.

\* Tax information: If you own a \$100K dollar house or property, the bond will increase your taxes \$71 a year or \$5.93 a month.
