

## JEROEN H.F. KAIJSER BOTS, MBA

"INTERNATIONAL MARKETING, MANAGEMENT & COMPANY BUILDING"

TO: Pinelake Prep Selection Committee

DATE: 10. February 2022

Dear Selection Committee,

Please find enclosed my application and resume for the eligible board position(s) at our school. I think you will find my resume and experience will make a valuable contribution to our school in general and the School Board in particular.

Our family has been at PLP since almost since its inception. Currently we have five (5) children at the school. From 4<sup>th</sup> Grade to Senior. After having been on the sidelines for the past 13 years, growing my family and companies, it is time for me to take on a more active role for the future and well-being of our school.

**My main objective is to guide PLP onto a more international track.** (See Questionnaire)  
I grew up in Europe, hold Dutch citizenship, speak 5 languages, traveled most continents and taught International Business.

I strongly feel the segment of international parents / immigrants is currently under-represented at PLP Board. It would be an honor to represent parents from different parts of the world.

In daily life, I run a successful regional business and serve as Executive Vice President for a non-profit organization. (See enclosed resume)

I look forward to work together with you for the betterment of our school and ultimately our children.

With kind regards,

Jeroen ("Yuh-Roon")
