High School To College To Corporate

Career Initiative

Our Mission

The "**High School To College To Corporate**" local, career initiative focuses on obtaining increased economic opportunities for those students participating in our "Youth to Men" and "Youth of Marietta High" Mentoring Programs. We aim to secure paid internships for those graduating seniors who will enroll as a freshman in college upon graduation from high school.

Our Purpose

- To develop the talents of program participants through bimonthly seminars and activities
- To cultivate mutually beneficial relationships with our community and corporate partners
- To increase the critical mass of diverse talent for our public and private sector partners
- To facilitate paid summer internships for college-bound students who complete the Mentor Program

Our Programs

Sessions are held bimonthly from August - May, a full school calendar year, where the students engage in small group activities, workshops, college fairs and community service events. Training includes:

College Preparation

- Critical Thinking
- Test Preparation
- Time Management

Professional Development

- Physical Well Being
- Mental Health
- Leadership
- Collaboration
- Adaptability

Financial Literacy

- Research and Analysis
- Technical Proficiency

Our Vision

The Youth To Men* Program experience produces:

High School males who refine their academic abilities, social interactions, and civic responsibilities

College men who apply the program's concepts through leadership and active community involvement

Professional men who have mastered the concepts and commit to Pay It Forward through Mentorship and Impactful Community Engagement
