

“When the why is big enough”

Dear Parents and Carers,

Do you wish there were a place within one building where your children could discover new interests, such as drama, debating, yoga, music, instruments, self-defence, languages, literature, pilates, pottery, painting, art and more? A place where they could disconnect from devices and connect with others? Improve their social skills and boost their confidence.

A space specifically designed to enhance their learning and development, promoting their mental and emotional well-being, with understanding, caring, and fun teachers.

What if you could have absolute peace of mind, knowing that your children are safe, that they eat nutritious afternoon tea after school, and that you wouldn't have to worry about their homework, school projects, reading, writing, coaching, and tutoring?

Does this sound too good to be true? Too expensive or just impossible?

As parents, teachers, and working mothers, we wished for a place like this for our children. We constantly worried about how they would get home in the afternoon, whether they were receiving quality care after school, and if we would have enough time to help with homework while also managing housework, cooking dinner, and taking care of siblings.

We embarked on a mission to establish Minerva Private Academy, an inspiring and engaging environment where children can explore their interests through a wide variety of activities and receive high-quality academic support. We have developed an ethos that centres on shaping young minds through personal growth, social skills, critical thinking, mindfulness, goal setting, and academic excellence.

And now, we are excited to introduce our academy and begin enrollment for Term 2.

To make high-quality education accessible, we are offering a special introductory price for our all-inclusive after-school enrichment programs. For just \$39.00 per day, your children can participate in various academic and afternoon enrichment activities, including Academic Support, Homework Club, Art, Music, Drama, Sports and Wellbeing, Languages, ESL Support, and so much more.

We also offer a specialised school readiness program for 4 to 5-year-olds, school holiday programs, vacation care, high-level tutoring, and a variety of English language courses for both children and adults.

Our campus is conveniently located within walking distance of Brisbane Grammar School, Terrace, All Hallows, St James, and BCSS. We offer an after-school pick-up service for these schools.

This is a fantastic opportunity to get to know us, learn about our programs, meet our team and enrich your child's learning experience at an incredible all-inclusive price!
