Multimedia Producer

Dynamic, award winning writer & innovative producer with the ability to envision the genesis of a creative idea while managing conceptual & inspiring projects successfully from beginning to end with minimal resources.

INDUSTRY EXPERIENCE

2009 - Present

- Direct, write, edit, voice over & produce segments, as well as stylizing & formatting content for cross-platform applications to air for video streaming & audio
- Manage & participate in promotional events while overseeing social media marketing utilizing social media management systems
- Lead meetings such as strategy sessions, overall production planning, talent/casting, scripts, call sheets in person & virtual to achieve multiple deadlines with accuracy
- Extensive knowledge in the core principles of visual & podcasting narratives, composition, color, typography, across a variety of production styles/genres
- Supervise all production phases while managing teams of 20-35, including day-to-day operations
- Facilitate & create financial & budgetary plans per project for the entire production process utilizing Movie Magic & other processes
- Implement marketing strategies which resulted in a 400% growth of engagement for video content
- Negotiate with vendors resulting in a 25% savings while maintaining the value of production
- Secure financing & necessary rights for development
- Thrive in independent working situations as well as in large interdisciplinary teams
- Research & recruit experts in various fields to speak on a wide variety of subjects for interviews
- Participate in location scouting & review dailies
- Superior 4.9 Google rating in client satisfaction & voted Best Portrait Photographer in Allen, TX
