

EXPECTATIONS

THE FISH ARE RUNNING!

June and July bring sockeye to the Kasilof River. Boat launch can be anywhere from 3AM to 6PM and any hour on the clock, rain or shine. Your guide will meet you at the boat launch.

Drifters Inn Guide Service (DIGS) sports a beautiful 20-foot Willie drift boat with individual moveable cushioned seating to ensure your comfort. It's equipped with enough rods and fishing gear to ensure you won't miss your opportunity to catch fish.

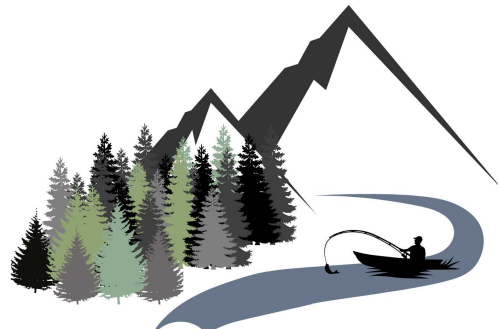

Matt is a master at rowing and navigating the Kasilof River. He'll get you to the sweet spots on the river where the fish like to run.

Expect to see lots of eagles, seagulls, terns and other boats and fishermen. It's not uncommon to see moose and an occasional bear. Don't worry - your guide is an experienced Alaskan outdoorsman - he'll keep you safe.

Any fish you catch provides a fantastic photo opportunity so have your camera ready! Your guide will clean and fillet your fish before your adventure ends.

LOOKING FORWARD TO FISHING WITH YOU!
