OCEA SOCIAL HOUR

OCEA is proud to announce that we will be holding a Social Hour for the 2024 Spring Conference! Members are invited to join us for an informal time of conversation, networking and making new friends. We will be serving light hors d'oeuvres with a NO-Host bar serving beer, wine and cocktails. Members are also encouraged to bring a GIFT BASKET to be given away as door prizes. We would love to see your gift baskets incorporate items that are representative of your jurisdictions. If you have a special industry or business that is unique to your city or county, please include those items in your jurisdiction's gift basket! The more gift baskets that members bring means more door prizes to be given away at our Social Hour!! If you have questions regarding the Social Hour or gift baskets, please contact Gina Miller at gina.miller@umatillacounty.gov

- **Protecting Complainant Confidentiality** **Marcus Kellum**

- **The Intangibles of Regulatory Enforcement** **Marcus Kellum**
In Code Enforcement, there are many aspects of the job that can be considered intangible or unable to be touched, grasped, or not having physical presence. While we have processes and metrics to guide us, there are abstract qualities and attributes of effective code enforcement, and this class is designed to highlight the intangible assets used by code officials that do not appear in an SOP or contained in a policy.
