October 18, 2021

My sisters and brothers in Christ,

I bring you greetings of love, hope and joy from our Lord Jesus Christ, more so in the midst of our current human chaotic strife, equipped with the assurance that God's mercy and grace endures forever!

In spite of all our individual and collective difficulties, exacerbated by many forms of pandemic, local and global unrest, natural calamities, we, the Church of the Holy Spirit, have remained faithful in our commitment to keep the light shining for others and to "keep on keeping on" in glorifying God. The Episcopal Church branch of the Jesus Movement serves to embolden our unity in diversity in carrying the Cross of Christ together with our brethren within our local and global communities.

With the emergence of the "hybrid church", we hold steadfast to foster our own spiritual nourishment, as well as those of others. We have kept our doors open to everyone, especially for Holy Eucharist, Bible Study, Healing Service, pastoral concerns, and are nurturing our spiritual communion with others virtually.

At the end of this month, we will again be launching "Faith-Filled Generosity," our 2022 Commitment Drive. Our annual stewardship campaign will follow a similar approach we had the previous year, as can be gleaned from the attached flyer. The succeeding weeks will feature in our Sunday services "witnesses" who will share how our Church's mission and ministries have impacted their lives and their faith journeys.

It is my prayer that these divine-ordained activities will continue to strengthen our relationship with God and His church, realign our priorities in His care and give us a new lens to see the real reason of our existence.

Let us continue to strengthen our spiritual connections and lift each other up through our thoughts, prayers, and generous actions.

In Christ's Service,

*Father Ray*

The Rev. Raynald S. Bonoan  
Rector

*"Like good stewards of the manifold grace of God, serve one another with whatever gift each of you has received."*

[1 Peter 4:10]
