## WALK/RUN

Dear Community Ally,

We've been hosting the EdK for a number of years, but this year its even more personal. Our family started this race in 2018 after my Father-in-Law, Ed, lost his battle with cancer. Early this winter, I was diagnosed with breast cancer and am currently undergoing chemotherapy. I have been the recipient of incredible community support, love and prayers, but I know others have to go the course without much support at all. Physical and mental well-being are critical for everyone but especially when you are in the fight of your life.

The Live**STRONG** at the YMCA program is designed to treat the whole person. It is a 12-week evidenced based program that helps cancer survivors reclaim their health and well-being following a cancer diagnosis. We all know someone who has been affected by cancer and this is why the program is near and dear to our hearts. I hope you might consider donating, sponsoring and participating in the year's EdK!

Your sponsorships help by:

- Encouraging people to get out in the community and be active
- Promoting YOUR brand as a community ally
- Giving to the great cause of a local non-profit(s)

Thank you for your consideration! As a small business owner myself, I know that donation requests are innumerable. We vow to keep your dollars local, supporting others in our own community, during one of the hardest journeys.

Gratefully,

Laura N Sponseller | Race Committee | 717-816-8430
