1. Answer the questions and shade in the answers from the boxes into the grid of numbers below.
2. If the answer appears twice in the grid there will be another question with that answer.
3. Colour one section for each answer.
4. Once you have you have shaded in all of your answers it will reveal a secret code.
5. Write down what you think the secret code is in the answer box.
6. If you have finished, try the extra activity at the bottom.

Today's secret code is

Extra Task: Make your own mini secret code
1. Decide on a set of digits or letters for your own code and shade the grid in so it resembles it.
2. Make up questions similar those to above and input the answers into the shaded sections.
3. Fill the blank sections in with numbers you haven't used.

Solution

1) 5 × 35 =	**175**	13) 93 × 63 =	**5859**
2) 3 × 47 =	**141**	14) 90 × 69 =	**6210**
3) 5 × 84 =	**420**	15) 83 × 33 =	**2739**
4) 3 × 96 =	**288**	16) 63 × 40 =	**2520**
5) 7 × 38 =	**266**	17) 19 × 56 =	**1064**
6) 3 × 30 =	**90**	18) 85 × 18 =	**1530**
7) 4 × 67 =	**268**	19) 75 × 31 =	**2325**
8) 8 × 22 =	**176**	20) 456 × 92 =	**41952**
9) 4 × 35 =	**140**	21) 94 × 441 =	**41454**
10) 8 × 65 =	**520**	22) 74 × 850 =	**62900**
11) 6 × 92 =	**552**	23) 818 × 26 =	**21268**
12) 3 × 94 =	**282**	24) 73 × 802 =	**58546**
