

3 Card Spread

By Raspberry Tarot

About the spread:

The three-card spread is simple to use, designed to give you the most critical and useful information. It is perfect for a specific question or a general check in for your day.

How to Do It:

Center yourself. Connect to your intuition and higher powers (if you connect with higher powers). Shuffle the deck. Pull three cards from left to right. The cards will represent the following from left to right:

1. The Topic or Question
2. Internal Experience
3. Advice

About the Cards:

1. The topic or question card addresses the experience or question itself. Whatever it is you are asking about, this card gives you information about that. The purpose of this card is to provide you with a deeper understanding of the experience, conditions, or question.
2. The internal experience card provides insight into what you are experiencing in relation to the question or topic. This is you at the moment of the reading. This card pertains to your emotions, thoughts, physical and material states, and spiritual conditions. This is insight. The purpose of this card is to promote self-awareness and self-reflection.
3. The advice card informs you on what the best course of action is in light of the preceding information. Connect to your intuition, your higher power, your guides, your gods. This is a message of counsel. This is what is in your best interest and highest good. The purpose of this card is to give you support, inspiration and direction.

Interpret your cards. I also highly recommend journaling about each reading.
