# CATALYTIC LAMP FUEL

Volume: 16oz.

---

**MAP Price \$14.99**

**Burns Hotter**

Killing most viruses, bacteria, germs, odors, and even destroys pet dander

**Better Fragrance**

Our scents are all formulated to be subtle with special care to avoid an overpowering fragrance

Our lamp fuel is different from any other fuel on the market. Our US made and packaged lamp fuel is 99% isopropyl enabling it to kill more germs, airborne bacteria and viruses, and create a cleaner environment than any other available fuel.

Most of our scents are created using some of the same oil formulas as many popular designer colognes- Tom Ford, Creed, Francis Kurkdjian, Jo Malone, and others. This gives our fuel a subtle, yet amazing scent that will dazzle the noses of your customers.

Our MAP price of \$14.99 speaks for itself- no more sitting on inventory for months at a time!

# INCREDI-MOP

## 3 IN 1 MOP

**MSRP/MAP:**  
**\$229.99/199.99**

---

### DEALER PRICING

#### **1-12 Mops**

\$115 ea

#### **13-24 Mops**

\$107 ea

#### **24+ Mops**

\$99 ea

The **incredi-mop** is a counter rotating mop that cleans quickly and effectively. The 3 in 1 design allows consumers to mop, spot clean, and polish floors. This is the **ONLY** mop on the market designed for 3 uses in 1 mop. Our mop is self-cleaning. There's no need to pull off pads and place in washing machine. Use the self cleaner dry for easy messes, or you can use it wet for dirtier floors. Either way, this mop beats all other mops. You wouldn't wash a car with a back and forth scrubbing motion, you shouldn't do this to your floors either! Our servo motors and pumps are of higher quality than any other competitor with similar products. Sold with a 6 month warranty

As a retailer, this is an easy impulse sale with a great margin. You have multiple skus that you can sell with this one product. Spot cleaner, floor cleaner, polish, stain remover, etc. can all accompany this mop. This means more visits to your store from your treasured customers. The memorable names and packaging on the chemicals will keep people returning.

# PISS OFF!

PET STAIN REMOVER

Volume: 32oz.

5+ \$100 (\$25 ea)

Piss Off! Pet stain remover is one of our most popular products. Packed with enzymes, detergents, and a soothing cherry scent, this product is biodegradable and earth-friendly. This professional solution deep cleans and cleans carpet and wood floor surfaces by breaking down debris and odor-causing compounds. It transforms them into an odorless mixture of Co2 and water. This can be used in cat litter to control odors, removes odors from Tom Cat spray, and is pet friendly. Best of all, the product has a memorable name, package, and logo. Your customers will refer others back to your store for repeat and new purchases. Allow the chemicals you sell to stand out, not blend in!

# ACTUALLY CLEANS BARE FLOORS

Volume: 32oz.

1 Gallon Case of 4

\$60 (\$15 ea)

5+ \$54 (\$13.50 ea)

Finally, a bare floor cleaner that actually cleans bare floors. ACBF is no-rinse, streak free, and dries in minutes when used properly. ACBF works on all flooring surfaces- waxed floors, hardwood, marble, granite, ceramic, linoleum, vinyl, and especially laminate. One of the highlights of this product is the fact that it will remove residue from other floor cleaners, such as Bona.

This product is safe to use in the **incredi-mop** and can be ordered in an injector cap to sell with the **incredi-mop**. This is also safe for use in most commercially produced spray mops. It is mild enough not to damage the delicate pumps.

## CARPET & RUG SHAMPOO W/BRIGHTENER

Volume: 32oz.

5+ \$60 (\$15 ea)

This high performance cleaning technology is designed to provide a luxurious, soap-free, dry foam shampoo that cleans and brightens all fiber types. The shampoo dries to a crystalline residue that encases grease and dirt for easy vacuuming. This cleans carpet fibers more thoroughly than any product on the market today. A slow release brightening chemical releases as the foam dries and leaves carpets and rugs looking brand new.

This product will only work with dry foam shampoo systems or bonnet systems. These include the **incredi-mop**, Electrolux/Aerus shampoo systems, and Kirby Shampoo systems.

# FREAKING FANTASTIC

## FLOOR POLISH

Volume: 32oz.  
**MAP Price \$12.99**

### DEALER PRICING

32oz Case of 12

\$60 (\$7 ea)

5+ \$ (\$6.50 ea)

Our premium bare floor polish works on all surfaces including laminate, LVP, tile, wood, marble, ceramic, linoleum, and parquet. Even polished concrete will have a lasting and streak free shine after this polish is applied. Our polish will remove scuffs, dull spots, minimize most scratches, and will leave your floors with a layer of protection that dries to a hard finish.

This product is a wonderful complementary product to the **incredi-mop**. It also works extremely well in commercial settings as our formula is designed for commercial use.

# HEY! NICE GLASS

## GLASS CLEANER

Volume: 32oz.  
**MAP Price \$8.99**

---

### DEALER PRICING

32oz Case of 12

\$60 (\$5 ea)

5+ \$ (\$4.50 ea)

Hey! Nice Glass is formulated to produce beautifully cleaned and waxed glass. This commercial strength product only takes a small amount to produce big results. Our signature formula is designed to not only clean the glass, but leave a strong wax as it dries providing a protective shine over the surface. On a molecular level, this premium cleaner is a detergent followed by a slow release wax. Hey! Nice Glass removes dust, dirt, grime, bugs, tar, nicotine, and any long term streaks.

# BYE FELICIA!

## STAIN REMOVER

Volume: 32oz.  
**MAP Price \$12.99**

### DEALER PRICING

32oz Case of 12

\$60	(\$7 ea)
5+ \$	(\$6.50 ea)

Bye Felicia! is a revolutionary new type of stain remover. This is not a solvent, but it uses a process to alter the hydrocarbons of grease, ink, tar, vegetable oils, grime, and soot into a water soluble mass. Water acts as the solvent, therefore it must be thoroughly rinsed with water in order to clean up the stain.

# DISINFECTING AND DEODORIZING FILTERS

One of the most neglected areas in our industry is the profitability of prepackaged filters. Most customers are buying filters online and they are unlabeled, cheap, and oftentimes do not fit properly. Why can't our retail stores offer a filter that is superior to any other filter, branded with the USA flag, guaranteed to fit, and guaranteed to disinfect and deodorize the exhausted air in their bagless vacuum.

These filters arrive with easy to organize, easy to identify, and very unique packaging. Not only will you save time finding the "right" filter for repairs, but your customer will have no choice to come back to you for the same deodorizing filter with the built-in scent.

Our disinfecting and deodorizing filters are made with the finest quality in HEPA material. They are made strictly to our specifications. The filter is finished in our US based plant with a neutralizing scent and a slow release disinfectant that will keep the air coming out of your bagless vacuum clean.

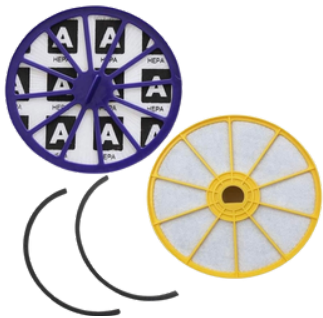

Bagless vacuum cleaner must move air in order to create a vacuum. While convenient, by design, bagless vacuums must exhaust fine dust in order to be effective. Eliminate germs and odors using our premium quality vacuum filters.

Up your customer return game with these amazing products for Dyson.
