What are your plans and goals as a Firestorm coach?:

COACH'S GOALS/OBJECTIVES

Teaching the skills, strategies and sportsmanship of the game while having fun is the main goal.

We play the game to win. Winning enhances your efforts in teaching and having fun, but do not let it be an obsession to distract from our main goal.

Losing teaches very valuable lessons. Coches should be able to see the results of their hard work on the field regardless of the outcome of the game.
