

The Hot Springs School District will permit students to arrive at school late in order to participate in the annual 9/11 Grand Stair Challenge.

A parent/guardian must bring ELEMENTARY students back to school after they climb. MIDDLE and HIGH SCHOOL students may come late without parents but must bring their signed permission slips.

All minors must bring a waiver to the event, signed by a parent/guardian, in order to climb, or a parent may come with them and sign the waiver at the event. **Waivers and school permission slips are available at the school (or at the Challenge website: www.ChallengeDakota.com).**

Participants climb once (up and down) or as many times as they wish. Fifteen times up and down represents climbing one of the World Trade Towers, and earns the participant a commemorative dog tag. Climbers may return after school/work to complete more flights. (See details at the website).
