

ARIZONA SUNSET SCHOOL
OF DENTAL ASSISTING

COULD A CAREER AS A DENTAL ASSISTANT BE RIGHT FOR YOU?

Dear Prospective Student,

Are you looking for an exciting new career that you can be proud of? If you said, “YES” then a career as a Dental Assistant might be right for you.

Many people are not familiar with this career choice, but according to The Bureau of Labor Statistics, Dental Assisting one of the fastest growing occupations for which a college degree is not required. Also, the employment outlook for Dental Assisting has seen a rapid growth over the past several years.

This presents a tremendous opportunity for you!

As a Dental Assistant you have great earning potential! According to the Dental Assisting National Board, the 2023 Dental Assistants Salary and Satisfaction Survey results show that a career in Dental Assisting can offer benefits in a changing professional landscape, such as:

- Earning higher hourly wages.
- Viewing dental assisting as a career and feeling valued by their employer.
- Increased job satisfaction.

In many cases your employer will provide a good benefits package. Some of these benefits may include: paid vacation and sick leave, medical and hospitalization insurance, dental coverage, reimbursement for continuing education course fees, pension plans (401k), and bonus plans.

Working as a Dental Assistant also provides the flexibility and freedom to work from anywhere in the United States.

So what exactly does a Dental Assistant do?

A Dental Assistant works in a Dental Office providing patient care. They also handle various office and laboratory duties too. As a Dental Assistant, your work may vary. You'll deliver patient care such as helping the dentist with various dental procedures, prepping patients, obtaining dental records, processing x-ray film, schedule and confirm appointments and more.

It is a fulfilling and exciting career in a professional environment. Most dental offices are open for business Monday through Friday, 8 hours a day. The best part is, you'll have a successful career that truly helps others. It is a line of work that you can truly feel proud of.

Our 15 week program will give you skills & expertise beyond what typical programs offer.

To become a Dental Assistant you need the right training, and that's exactly what we can provide you! Our dream to open a dental assisting school goes back to 2004. We took our time learning about the many available programs and were very impressed with the program we selected. We have since developed that program into a successful Dental Assisting school that has seen many successful graduates over the past 11 years.

This program's curriculum, and close to 30 years of experience from myself and Dr. Cervantes, will provide you with a focused education that will prepare you to enter the dental field with confidence. We can train you in 15 short weeks with 90 hours of lecture and lab in our dental office. Our course is offered on Fridays from 9am-4pm, which makes it more convenient than many other programs.

In other programs you would be spending an entire year attending lectures and lab, plus thousands of dollars in tuition. We encourage you to compare our fees with others.

In addition, other programs offer mostly lecture-based training with limited hands-on time, which leaves graduates unprepared for the job market. With our accelerated program you will get hands-on training in absolutely all aspects of Dental Assisting. In fact you will get real chair side experience with actual dentists during your training, plus a 65 hour internship with a local practicing dentist. This kind of experience will definitely put you ahead of your peers.

Most other programs offer class sizes of around 30 students. At Arizona Sunset School of Dental Assisting, we limit our class to 10 students in order to provide students with a more personal and in depth course. This is beneficial to you because you will graduate with the confidence, skills, and the "know-how" to excel in your new career.

Seize the moment and get trained for this rewarding career!

We truly care about your success. ***Yes, you can do this!*** The next step is to fill out the enrollment application and drop it off at our office with a \$125.00 deposit. If you have any other questions about our program, or would like a tour of the office, please feel free to give our office a call.

I look forward to hearing from you, and thank you for your interest in Arizona Sunset School of Dental Assisting.

Sincerely,

José Osete, DDS
Director

***P.S. URGENT- Class size is limited to 10 students and spots go fast.
Don't miss out on this rewarding career opportunity!***
