

WHADDO YOU MEME??

Hey Meme Team!

So far, 2024 has been packed with exciting stuff! A few months back, I went with Ruslan to Jonathan Pageau and Jordan Peterson's conference in Tampa. Ruslan and I were able to have a dinner with Pageau as pictured above.

I was able to meet up with Christian rap artists KB and Flame, and I was even able to take my soon to see KB perform in Dallas, Texas.

A few months ago I was at the ApologeticCon in Sarasota, Florida. I was there along with Dr. Frank Turek, Alisa Childers, David Wood, Vocab Malone, Dr. Chip Bennett, and Michael Jones from Inspiring Philosophy. It was a very encouraging and edifying time.

More recently we have added my wife Kara to the Meme Team to help manage our Social Media content. Bringing on extra help allows me to focus on creating more content for you guys.

I look forward to seeing you all at the next Zoom call in July.

In Him,

-JON MCCRAY
