

CAPABILITY STATEMENT

Healthcare Logistics, Medical Supply Sourcing & Operational Management Solutions

CAPABILITY NARRATIVE

P&G Medical Solutions, LLC is a Service-Disabled Veteran-Owned Small Business (SDVOSB) delivering dependable medical supply distribution, durable medical equipment (DME), healthcare logistics, and operational oversight to federal facilities, VA networks, and commercial healthcare systems. We streamline medical procurement through compliant sourcing networks and disciplined supply chain governance, ensuring frontline clinicians receive mission-critical equipment and supplies without interruption.

CORE COMPETENCIES & DIFFERENTIATORS

Core Competencies	Key Differentiators
Medical & Surgical Sourcing: Sterile consumables, PPE, diagnostic supplies, and point-of-care products. Durable Medical Equipment (DME): Procurement, clinical staging, and maintenance logistics. Healthcare Logistics & Warehousing: Temperature-controlled warehousing, local staging, and lot tracking. Regulatory & Systems Governance: FAR/DFARS compliance, FDA chain-of-custody, and VA-FSC billing compatibility. Rapid Order Fulfillment: Just-in-time (JIT) stock replenishment and expedited emergency fulfillment.	Disciplined SDVOSB Leadership: Veteran-led execution delivering mission-focused accountability and agility. Direct Sourcing Network: Direct manufacturer relationships eliminate broker markups and minimize lead times. 100% Quality & Traceability: Rigorous batch tracking and verified pedigree documentation on all inventory. Federal Readiness: Active SAM.gov profile, CAGE code, VA-FSC billing compatibility, and EDI integration. Dedicated Account Team: Single-point-of-contact support focused on SLA adherence and responsive delivery.

PAST PERFORMANCE (FEDERAL CONTRACTING)

Contract Reference / Agency	Scope of Work & Performance Highlights
U.S. Department of Veterans Affairs (VA) Contract #: 36C25626D0021 Vehicle: Indefinite Delivery Vehicle (IDIV / IDIQ) Role: Managing Member / Operating Partner	Active execution on prime IDIV/IDIQ contract providing comprehensive medical supply distribution, durable medical equipment (DME), and healthcare logistics supporting VA medical centers. Responsible for end-to-end supply chain execution, procurement management, staging, administrative governance, and flawless VA-FSC electronic billing and reporting compliance.

COMMERCIAL & INDUSTRY EXPERIENCE

Program / Project Scope	Key Deliverables & Performance Outcomes
Commercial Healthcare Supply Fulfillment	Managed recurring delivery schedules for clinical consumables and PPE across regional health networks, achieving a 99.2% on-time delivery metric.
DME Logistics & Maintenance Support	Coordinated multi-site medical equipment staging, scheduled maintenance tracking, and replacement logistics for clinical facilities.
Healthcare Joint Venture Sourcing & OpEx	Provided structured medical sourcing, quality assurance oversight, monthly OpEx ledger reconciliation, and inventory staging.
