### BIOGRAPHY

Dr. Morgan was born and raised in Buffalo, New York. While she attended Mount Mercy Academy, she took interest in the Physical Therapy profession when she participated in the Academy of Science and Health Care. Dr. Morgan was able to shadow in a Medical Rehab Unit where she realized how big of an impact Physical Therapy can have on someone. She earned her Bachelor of Science in Natural Science with a specialization in Health Science and a Minor in Biology and General Business from Daemen College in 2019. Dr. Morgan then went on to earn her Doctor of Physical Therapy degree from Daemen College in 2021.

Before joining First Step Physical Therapy, Dr. Morgan worked in a variety of settings as a contract Travel Physical Therapist up and down the East Coast of the United States. This allowed her to become flexible and adapt to treating a variety of patient populations and diagnoses. While traveling, to further her hands on expertise, she gained her Certification in Vestibular Rehabilitation. Dr. Morgan is passionate about treating the Neurological population and she is looking forward to obtaining more certifications in the Neurological field.
