**CLINIC DIRECTOR OF BUFFALO**

### EDUCATION

- > **Doctor of Physical Therapy** - Daemen College, 2020
- > **Bachelors in Mathematics** : Niagra University , 2015

### BIOGRAPHY

Dr. Liz was born and raised in Buffalo, NY. She earned her Bachelors of Mathetmatics at Niagra University in 2015. While attending Niagara University, Dr. Liz captained the Women's Club Rigby Team. With multiple injuries from Rugby and bouts of Physical Therapy for her shoulder, she quickly became interested in the rehabilitation process and becoming a Physical Therapist. Dr. Liz was accepted direct entry into the Doctorate of Physical Therapy Program at Daemen College and graduated in May 2020.

Before joining First Step Physical Therapy, Dr. Liz worked mostly in outpatient orthopedic settings. While working at outpatient clinics, she saw a variety of patient diagnoses. She found herself gravitating towards the Neurologic population when new evaluations came in. Dr. Liz was then approached by an existing patient from the Make LemonAide Foundation if she was interested in directing the First Step Physical Therapy clinic in Buffalo, NY. The rest is history!
