BIOGRAPHY

Brenda was born in California after her family immigrated from Hong Kong and was raised in South Florida. She then attended the University of Florida for her undergraduate degree in exercise science.

On Brenda's spare time, she enjoys cooking, baking, photography, hiking, going to the gym and anything that involves being creative! That was one of the main reasons why Brenda decided to become a Physical Therapist. She enjoys helping others heal through movement in creative ways to make getting better fun.

Brenda joined the First Step Physical Therapy team in the Summer of 2021 and is looking forward to get to know each patient, as well as incorporating hobbies uniquely into therapy.
