**Glen R. Mozingo, Esq.**

*has been recognized as an Expert Network Distinguished Lawyer based on a thorough multi-phase process that evaluates influence, leadership, reputation and knowledge. The recognition builds on and serves as a culmination of previously received awards and recognitions.*

**Expert Network**

## Glen R. Mozingo, Esq. Has Been Recognized Among the Top in His Industry by the Expert Network®

The Expert Network celebrates its newest member, Attorney Glen R. Mozingo

PRESS RELEASE SEP 2, 2016

Irvine, CA, September 2, 2016 (Newswire.com) - Glen R. Mozingo, Founding Partner, Mozingo & Patel, A.P.C., has joined The Expert Network, an invitation-only service for distinguished professionals. Mr. Mozingo has been chosen as a Distinguished Lawyer™ based on peer reviews and ratings, dozens of recognitions, and accomplishments achieved throughout his career.

Mr. Mozingo outshines others in his field due to his extensive educational background, numerous awards and recognitions, and career longevity. After completing his Bachelor of Arts in Political Science and Government Relations, Mozingo earned his Bachelor of Science in Law in 1977 at Western State University and then his Juris Doctor from Thomas Jefferson School of Law in 1979. Mr. Mozingo went on to study International Law at Balliol College, Oxford University, England where he was awarded a postgraduate diploma permitting him to practice law in England & Wales as well as forty-nine other Common Law Countries. He is "A.V."® Preeminent™ Rated by Martindale-Hubbell®, has received American Jurisprudence Award in Trial Practice and was named one of the Top Lawyers in California by the American Lawyers Council.

With over 37 years dedicated to law, Mr. Mozingo brings a wealth of knowledge to his industry, and in particular to his areas of specialization, Estate Planning, Business and Employment Law, and Civil Litigation. When asked why he decided to pursue a career in law, Mr. Mozingo said:

*"Our objectives remain the same as they have always been, that is to provide quality legal representation to both domestic and international clients ensuring that the expense of legal advice and representation are managed to ensure an efficient and effective result."*

— GLEN R. MOZINGO, ESQ.  
FOUNDING PARTNER, MOZINGO & PATEL, A.P.C.

"I concluded as a young undergraduate that practicing law was the ultimate backstage pass to the drama of human behavior and offered the greatest opportunity to assist others."

As a thought-leader in his field, Mr. Mozingo's reputation for excellence extends beyond his practice into the political realm. He is the recipient of both the Congressional medal of distinction and Congressional Gold Medal for his work in aiding Congressional Conference Committees of the United States House of

Representatives and Senate where he assisted in negotiating legislative proposals that resulted in the passage of significant legislation. Mr. Mozingo is also widely respected as a lecturer and speaks on issues related to Business succession planning, Estate planning, and Corporate Governance.

After nearly four decades dedicated to law, Mozingo continues to be a paragon of excellence in law. Looking to the future, he aims to ensure that the firm continues serving as a respected and effective representative of the firm's clients in the United States and England.

"Our objectives remain the same as they have always been, that is to provide quality legal representation to both domestic and international clients ensuring that the expense of legal advice and representation are managed to ensure an efficient and effective result."

Mr. Mozingo is a member of the California State Bar Association, American Bar Association, Orange County Bar Association, United States Supreme Court Bar Association, California Trial Advocates, American Trial Advocates, the Law Society of England and Wales, the London Court of International Arbitration, and the United States Court of International Trade.

###

# District History

**1918- Mather Air Force Base Fire Department** was established in 1918, named after a WWI test pilot, Carl Mather.

**1922-** Established in June 1922, the **Mills Fire Department** covered approximately 55 square miles. Its original budget was in the \$3,000 range.

**1923-** In May 1923, the first meeting was held to form the **Rio Linda Outpost of Fire Protection** which had a roster of 13 volunteers and a newly purchased soda and acid type fire engine, affectionately known as "Old Betsy".

**1925-** The **Elverta Fire District** was formed in October 1925. A Graham Dodge truck was later purchased and modified to serve as its first fire truck. On its main fire station, a siren was installed with a button on the outside of the building – the first person to hear of a fire would run to the station to push it and activate the siren.

**1933-** The **Orangevale Volunteer Fire Dept.** was formed in 1933 with a single fire station located on Hazel Avenue and Greenback Lane. Its first fire engine was a converted 1917 REO touring car purchased for \$650 by volunteers.

**1935-** While onlookers stood by helplessly as a barn burned to the ground on December 31, 1933, talk began on the need for fire protection. In 1935, the non-profit corporation called the **Citrus Heights Fire District** was formed. Amidst the depression and lack of funds, everything pertaining to the District was purchased with funds from the local residents rather than county taxes. This was the only source of income until 1941.

**1938-** In late December 1938, the first piece of firefighting equipment was put into service at the Sacramento Air Depot and staffed by temporary firefighters. In 1939, staff was replaced with an all-civilian fire department and the base and was ultimately renamed to McClellan Air Force Base. **McClellan AFB Fire Department** grew to a maximum of six fire stations with personnel in excess of 30. It was augmented early on by over 125 airmen.

**1942-** In January 1942, a temporary Board of Commissioners was elected and in July of that same year, a groundbreaking ceremony was held for Station 1 of the newly formed **Arcade Fire Protection District**. The construction of the station began with volunteer labor and donated materials. In the summer of 1952, Station 2 was built, Station 3 was purchased from the San Juan School District in 1957, and Station 4 was converted from a portion of a warehouse in 1973.

**1942-** In 1935, several concerned citizens conceived the idea of fire protection and received eight donated Indian back pumps. In 1938, the community appropriated \$250 for the purchase of a 1932 Model "B" Ford pickup with a small water tank, pump and hose. In 1942, the **Fair Oaks Fire District** was legally formed. Ten volunteer firemen served the area and in 1947 the first voluntary Fire Chief was appointed.

**1942-** Local merchants and citizens, seeing the need for fire protection, purchased a hand drawn chemical cart for \$950 in 1918. In the 1930s, the cart was no longer serviceable and the area was without any organized fire protection. On July 26, 1942, the **Florin Fire District** was formally organized and the first

official act of the Board of Directors was to appoint a Fire Chief.

**1942-** Mr. Daniel W. Carmichael developed the Carmichael Colony in 1909 with the purchase of 2,000 acres of land north and west of the American River. Two years later, he acquired an additional 1,000 acres. Fire prevention at that time was a community endeavor. In 1927 a local businessman instituted a more formal volunteer firefighting force, purchasing a Model T fire engine which held 30 gallons of water, 100 feet of hose and other tools and equipment. In 1942, the **Carmichael Fire District** was officially organized and the area that was known as Donovan's Corners became Fire Station 1.

**1943-** County maps refer to Arden as "Rancho del Paso." It is a community of approximately 2,000 people which included two stores, two service stations, three large hop ranches, and one school in a nine-square mile agricultural area. On January 4, 1943, from the efforts of a close-knit group of citizens, a petition for formation of a fire district was submitted and approved by the Sacramento County Board of Supervisors and the **Arden Fire District** was born.

**1945-** The **Citrus Heights Fire Protection District** became a legal governmental entity in 1945 with the merger of the Citrus Heights Fire District and the Orangevale Volunteer Fire Department.

**1947-** The **Sloughhouse Fire Protection District** was formed in 1947 with volunteers and donated equipment. Without a formal fire station, the pumper and other apparatus were housed at Riella Ranch and the Sloughhouse Grocery Store until 1965 when volunteers built a station on Sloughhouse Road.

**1951-** The first firehouse for the **North Highlands Village Fire District**, which was formed in September 1951, was located next to the Flying A gasoline station on North Haven Drive. Daytime alarms were received by telephone at the Flying A gasoline station and night calls were answered at an apartment across the street. This District remained an all-volunteer

district until July, 1957 when three firefighters were hired at \$340 per month.

**1958-** The Rancho Cordova community was protected by the Mills Fire Dept. In 1958, the name of the department was changed to the **Rancho Cordova Fire Protection District**.

**1983-** The **American River Fire Protection District** was formed on August 1, 1983 by the consolidation of the Arden and Carmichael Fire Districts. At conception, the District had six fire stations and served 26 square miles. It responded to 3,715 alarms during the inaugural year.

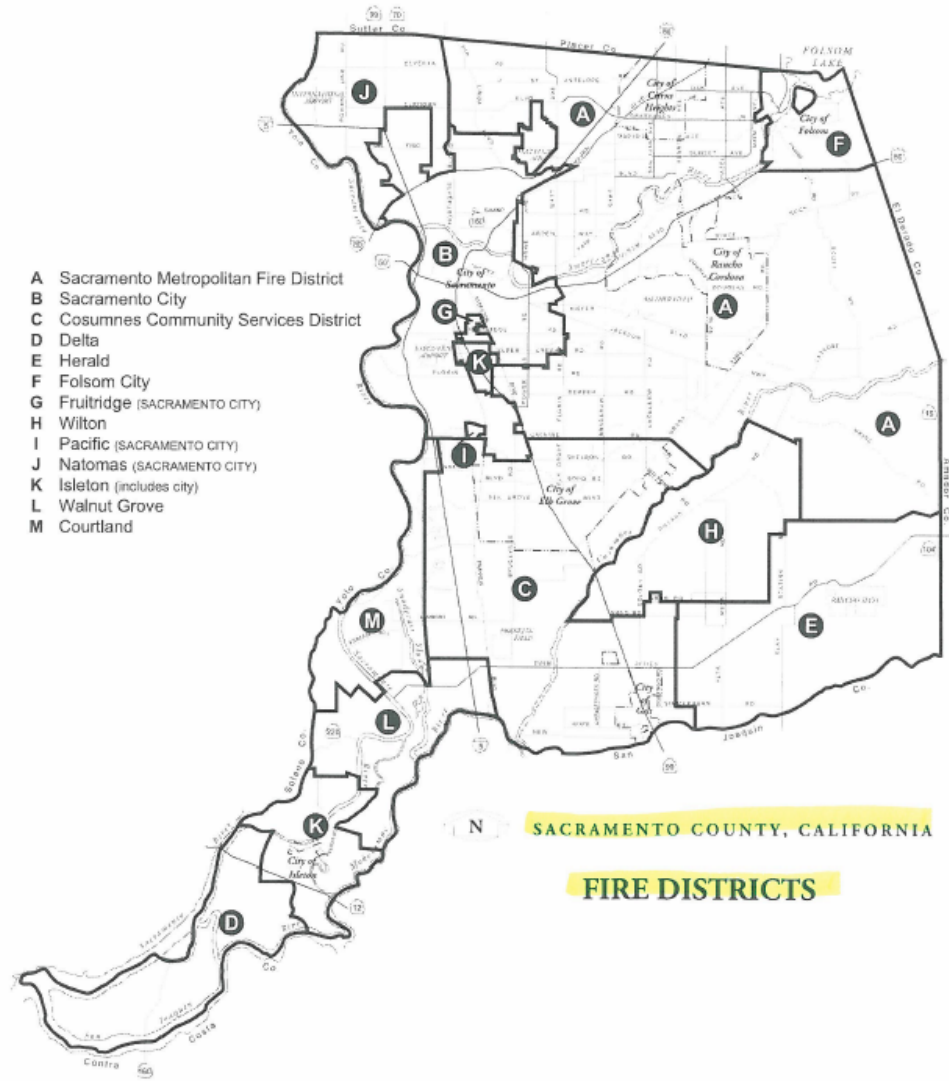

**1984-** In 1983 the Board of Directors voted to merge the Citrus Heights and North Highlands Fire Districts. It was approved and on February 4, 1984, the North Highlands Village Fire District became part of the Citrus Heights Fire Protection District.

**1989-** The **Sacramento County Fire Protection District** was organized with the consolidation of the Rancho Cordova Fire Protection District and the Citrus Heights Fire Protection District in July 1989. Emergency services were provided to the community through 20 fire stations.

**2000-** On December 1, 2000, the **Sacramento Metropolitan Fire District** was formed from the consolidation of 16 historic fire districts. Now commonly known as Metro Fire, it is the seventh largest local fire district in the State of California and the largest in Sacramento County. For more detail on the merge, please see the Letter of Transmittal in this report.

August 1, 1994

Mr. and Mrs. [REDACTED]  
[REDACTED]  
Huntington Beach, CA 92646

Dear Mr. and Mrs. [REDACTED]:

I am pleased to announce that as a result of a merger of law practices, effective August 1, 1994, the practice name has been changed to **Mozingo & Price Attorneys at Law**, with offices in **Orange County** and **Sacramento** California.

The firm has been established through a merger of a fifteen year old Orange County practice and a fourteen year old Sacramento practice. The Orange County office will remain at its present location at One Newport Place, Newport Beach, California. The Sacramento office is located at 2890 Kilgore Road, Sacramento, California, and will serve our Central and Northern California clients.

We have changed the Orange County telephone and facsimile numbers as follows:

Telephone (714) 752-2255  
Facsimile (714) 752-6636

The expanded practice will provide for the introduction of improved services which include:

1. Computer assisted legal research, which will substantially reduce legal research time and cost;
2. The introduction of a complimentary quarterly business newsletter that will address issues that may affect our business clients;

MOZINGO & PRICE  
ATTORNEYS AT LAW

August 1, 1994

3. An improved information service for our Estate Planning and Trust clients;
4. Advanced communications systems that will allow you to reach your lawyer in a timely manner;
5. Enhanced corporate services that will include employment law, contract negotiations and drafting, and complimentary updates on subjects such as the Family Leave Act, Americans with Disabilities Act, Independent Contractor Regulations, Cal. O.S.H.A. administrative changes and other laws requiring corporations to meet government mandates and;
6. The development of a legislative department that will allow our clients, who are interested in doing so, to have direct input into the legislative process.

These additional services will supplement our on going commitment to provide the highest quality legal services to both our individual and corporate clients.

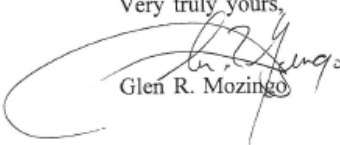

By way of introduction, Don Price, who will be the managing Partner in the Sacramento office, is a graduate of Stanford University and has practiced law in Southern California and Sacramento for the past twenty years. He has considerable experience in both transactional business matters and litigation and enjoys a well earned reputation as an accomplished lawyer. I will serve as the managing Partner for the Orange County office and will continue to handle your personal and business matters.

The support staff and Associate lawyers that you have dealt with in the past will continue with Mazingo & Price.

While we anticipate an increased level in services to our clients, there will be no increase in fees as a result of these changes.

We look forward to our continuing relationship.

Very truly yours,

Glen R. Mazingo

**TUSTIN, CALIFORNIA – SUNWEST BANK ANNOUNCES  
APPOINTMENT OF NEW DIRECTOR**

Sunwest Bank announced that Glen R. Mazingo, Esq., has been appointed as a member of the Board of Directors of Sunwest Bank. Mr. Mazingo, Esq., has over twenty seven years experience as a senior trial lawyer and is one of a few lawyers who have been admitted to both the United States Supreme Court as well as the Law Society of England and Wales. He has extensive experience serving the business community in Southern California by providing counsel in numerous matters including state and federal taxation, securities, banking, real estate, corporations, partnerships and contract law.

“The addition of Glen to our Board continues our commitment to enlist highly qualified members of the Southern California business community as Directors of Sunwest Bank.” said Eric Hovde, Chairman of the Board of Directors. “We believe Glen’s unique capabilities will support our growth and our standing as a high quality provider of banking products and services to the Southern California business community.”

Sunwest Bank is a leading provider of banking services to small to middle-market businesses throughout Southern California. Headquartered in Tustin with locations in Newport Beach, Laguna Hills and Anaheim, Sunwest Bank offers customized banking solutions with the highest level of personal service. Sunwest Bank has expertise with homeowners’ associations and property management companies, lockbox processing, healthcare professionals, women-owned businesses, and residential and commercial real estate developers. Online banking is available through its corporate website: [www.sunwestbank.com](http://www.sunwestbank.com).

# CALIFORNIA USE TAX

BY GLEN MOZINGO, B.S., J.D.

## AND PERSONAL PROPERTY TAXES HORSE BREEDER

Understanding of the tax laws that affect the equine business, it is difficult, if not impossible, to conduct that business, whether you are breeding, raising, showing, competing, or

if the breeder's tax concerns are managed by someone who prepares their tax returns at the end of the tax year, the issues and concerns must be dealt with on a daily basis. A lack of understanding of those laws can materially affect the breeder's ability to do business with the accountant or C.P.A.'s ability to do so. At the end of the year and may result in unfavorable tax consequences or compliance audits, in addition to substantial penalties imposed for failure to comply

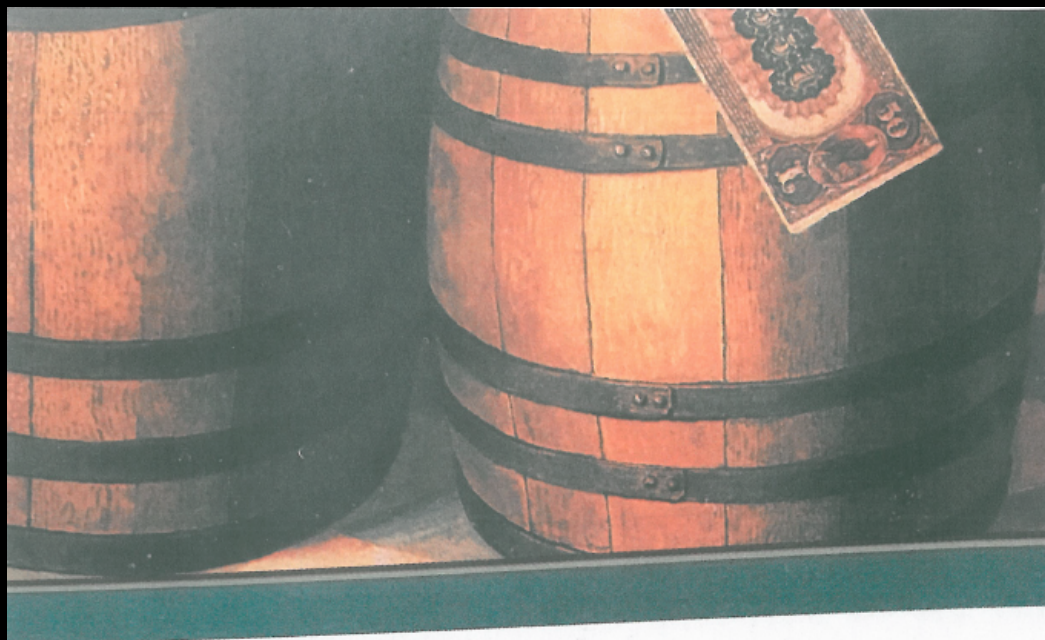

the transaction, as viewed with hindsight by the Equalization, demonstrate that the parties to the sale or use of the property in California or any other state. If the sales or use tax is to be collected, then the taxing agency will have the authority to require that the tax be paid by the property, or the seller of the property, either the buyer or the sales or use tax.

## SALES TAX

Sales tax is imposed on retailers for the sale of tangible personal property within the state.

The state which imposes a sales tax has the authority to impose a tax on anyone who is engaged in the sale of tangible personal property, which includes horses. The tax is imposed on the retailer. A sales tax is economic

## TAX REFORM: A NEW BEGINNING

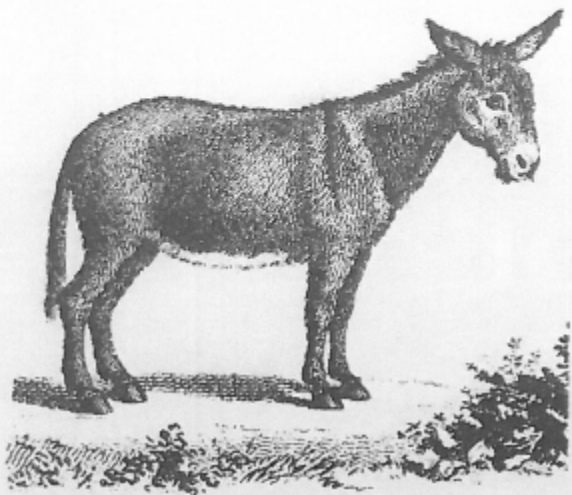

BY GLEN MOZINGO, B.S., J.D.

*The fact of the matter is that the American horse industry fared extraordinarily well under the new tax law, particularly when compared with other interests which have formidable lobbies in Washington, D.C.*

President Ronald Reagan signed the Tax Reform Act of 1986. That law enacted the most significant tax legislation since the wartime legislation which converted the income tax from a tax on the few, to a mass tax applying to the many. Lowering of marginal tax rates, the most significant tax legislation, will require...

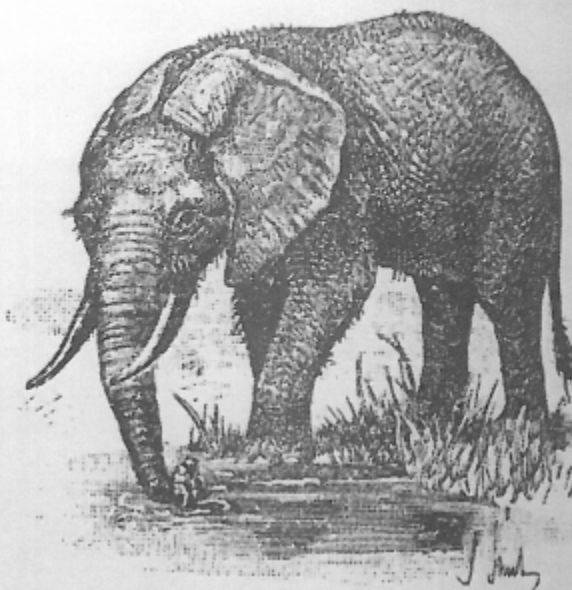

frequently modified system of a new era and philosophy of tax...

The Tax Reform Act of 1986 represents a reversal of the Economic Recovery Tax Act of 1981, a major tax initiative of President Reagan. The continuation of the...

## TAX REFORM: OPPORTUNITY KNOCKS

BY GLEN MOZINGO  
B.S., J.D.

RABIAN HORSE OWNERS, as well as the vast majority of business owners throughout the United States, have become increasingly concerned about the economic viability of their investments as a direct result of the clamor, confusion, and distortion about tax reform that has been euphemistically termed "tax reform." The fact of the matter is that any tax reform proposal taken out of political context provides little more than a target for public speakers and doomsayers, and usually results in misunderstanding and frustration for those who are attempting to

---

### HISTORY

One of the leading issues in Ronald Reagan's presidential campaigns was tax reform. It was his promise that removing government and the inherent complexities that are created by any bureaucracy from the day-to-day lives of businesses and individuals would result in a reduction and stabilization of tax, and in turn would permit a restructuring of the
