Winter Wonderland

Winter Colouring

Our woodland friend, Bear, needs your help to make his winter clothes colourful.

What is Winter

Winter is one of the four seasons. It is the coldest time of the year.

Many changes can be seen in plants, as trees don't have leaves any more. Animals big and small, like bears and mice hibernate to stay warm and survive the cold weather.

Some places get lots of snow and ice during the winter.

People warm up with hot chocolates and fireplaces, fluffy socks, coats, woolly hats and extra blankets.

How do you warm up when you are cold?

A Winter Story

1 In a snowy village, winter was getting colder and harder each year. The Winter Fairy, who made the snow, was tired and sad.

2 One day, a little girl named Elara went to find the fairy. "Why is the snow so heavy?" Elara asked. The Winter Fairy sighed. "I've forgotten how to make the soft, peaceful snow."

3 Elara smiled and said, "Winter is also quiet and gentle." With Elara's help, the Winter Fairy made the snow soft again.

4 The village woke up to a peaceful, sparkling snow, and everything felt calm. From then on, the villagers remembered that winter is not just about storms, but also about quiet beauty and peace.
