FEATURED SPEAKER

2020 Hollins University – **“Writing for and About Children”** - June 26 2020

Hollins’s Screenwriting and Film Studies program asked me to give a one-hour+ lecture on the subject of my choosing. As I was known professionally as good at writing child characters, I decided to discuss my observations screenwriting from a child’s point of view. I was also in the process of writing an article on the subject for *The Journal of Screenwriting*.

GRANT PROPOSALS – CO-AUTHOR

- 2020 **Epic MegaGrants** – co-wrote grant proposal under the direction and collaboration of MAGIC Center Director David Long and 3D Digital Design Director Shaun Foster. Grant was funded at \$275,000 to create a Virtual Production curriculum at RIT.
- 2020 **PIT-UN Challenge Grant** – co-wrote grant proposal with Prof. Susan Lakin to promote tech firms sponsoring student co-ops at non-profit agencies. Our proposal was one of three chosen by RIT to represent the university in the competition for national funding. Ours was not chosen for funding, but Susan and I will continue to promote this initiative.

ACADEMIC SERVICE

- 2019-2021 “**Semester in LA**” **project originator and coordinator**: As co-leader of our school’s one-week annual Los Angeles trip, I became aware that RIT was one of the few film schools in the East and Midwest that did not have a “semester in Los Angeles” program. I sought to remedy that by bringing it to the attention of the Entertainment Advisory

Board, as well as the school director, college dean, and university provost. I am currently working with RIT Global to begin the program with students Fall 2022. (This start was delayed by COVID-19.)

2018-2020 **Los Angeles Trip co-leader:** planned, coordinated, and led 6-7 live-action students on trip to Los Angeles film studios and production companies along with Prof. Mark Reisch who led animation group. (This is also a class.)

2018-2021 **Entertainment Advisory Board - Member** – due to my previous career in the film industry and coordination of the Los Angeles trip, I was invited to join board made up of RIT department heads and entertainment leaders in Southern California with some connection to RIT.

I attended Los Angeles meeting in October 2018 and 2019, and attended several smaller meetings in LA with then RIT Corporate Relations Director Paul Harris, MAGIC Center Director David Long, and Motion Picture Science program chair Ricky Figueroa. Took a tour of Panavision led by company CEO Kim Snyder in October 2018.

2017-2021 **Gender Equity/Equality Committee - Current Chair and Co-Founder** of the SOFA Gender Equity Committee. (Formerly Gender Equality Committee)

In November, 2016 Prof. Cat Ashworth and I met to discuss complaints she heard from women filmmakers at the High Falls Film Festival about the male-dominated culture at our School of Film and Animation. The young women felt they were not being taken seriously by both male students and faculty and it was detrimental to their success. With professors Ricky Figueroa and Ambarien Alqadar, we formed the Gender Equality Committee with the task of addressing the concerns Prof. Ashworth heard from students at the festival.

We met as a committee with 3rd and 4th year women filmmakers to candidly discuss their experiences at SOFA and what they would like changed in SOFA culture. Prof. Ashworth and I brought our findings to department chair Malcolm Spaul who made changes according to our recommendations.

In Fall 2017, I helped coordinate with Cat Ashworth and Prof. Margaret Bailey from *Advance RIT* a “Vibrant Learning Workshop” to address bias in the classroom which took place in November. As we were under heightened scrutiny on gender issues, Dept. Chair Malcolm Spaul made sure that all SOFA faculty attended, which they did. (Some faculty thought the workshop redundant, but I found it helpful and believe it was important that we all be seen to have gone through training together.)

SOFA Live-Action Brochure – in December 2017, I worked with Shauna Fowler and Kelly Sorensen in CAD Marketing to replace photographs in the published brochure to include more images of women and students of color. I

collected, edited, and submitted photographs from film sets (including one that I took personally). The brochure was reissued with the new photographs in 2018.

I took over as chair of the committee in late 2020 and have led the committee's coordination of a permanent student-led instruction to new and continuing film students about proper and respectful behavior on student film sets with regard to gender.

2017-2021 **CILECT Prize Judge and Coordinator** – every June/July since 2017, I have either acted as a judge or as judge and coordinator evaluating scores (40-60) student fiction films to cast RIT's ballot in the international competition.

2019-2021 **RIT Virtual Production Workgroup** - In late 2019, I was part of a group looking to start a film previsualization and Virtual Production curriculum at RIT. As a screenwriter, this field was not my specialty, but I helped write the grant proposal to Epic Games in early 2020 along with RIT MAGIC Center Director David Long and 3D Digital Design Program Director Shaun Foster.

Our proposal was funded by Epic Games at \$275,000.00 and a Virtual Production curriculum was established at RIT.

My presentation for 2021 UFVA (*"From Matte Paintings to LED Walls – The Evolution of a More Convincing Reality in Filmmaking"*) is one of four on a panel I organized entitled **"21st Century Film School: Teaching Virtual Production at RIT."** It took place online July 30th at 7pm and included presentations by David Long, Shaun Foster, and Flip Phillips.

2017-2021 **SOFA – Tenure-Track Search Committees** – I served on faculty search committees for four consecutive years. I reviewed applications, took part in all phone (and Zoom) interviews, and gave tours to the candidates of RIT and the Rochester area. I also volunteered my classroom for candidate teaching demonstration and helped coordinate a temporary hire when the official search was declared "failed" in 2019. Serving on these search committees has been my most time-consuming service commitment while at RIT.

2017-2019 **College of Art and Design Faculty Workload Committee:** In 2017, I was invited by CAD Interim Dean Robin Cass to join a committee created to investigate quantifying faculty workload. All other colleges at RIT had developed plans and rubrics for balancing faculty scholarship with teaching/service, but Dean Cass revealed to us that College of Art and Design (then *College of Imaging Arts and Sciences*) had not yet developed a plan.

We started this project by studying other RIT college plans for balancing their faculty's workload. Quantifying teaching and service across different college disciplines was a challenge given the variety of classes taught and how best to accurately measure types of workloads. I interviewed faculty from inside SOFA, other RIT departments, and faculty in other institutions to evaluate teaching and service workloads in balance with faculty

scholarship. Our proposal was forwarded in May 2019 to outgoing dean Robin Cass by committee chair Prof. Jenn Poggi.

- 2015-2021 **Co-Creator and Co-Moderator SOFA Instagram Page** – in 2015, I helped initiate the School of Film and Animation’s first Instagram site and later took over as lead moderator. I am currently the co-moderator and have provided at least half of the site’s posts – many of them my own photographs.
- 2017-2021 **College of Art and Design Policy Committee** – I have served on the committee for four consecutive years and have been involved in many initiatives.
- 2019-2020 **Frameless Labs Symposium Planning Committee** – took on responsibility of Social Media Coordinator for the RIT association tasked with promoting Virtual and Augmented Reality technology and artistry. Also, **Creator and Co-Moderator of the Frameless Labs Instagram Page**
- 2019 **Alliance for the Arts in Research Universities** – reviewed, scored, and wrote comments on 42 submissions to the a2ru conference in Kansas City.
- 2018-2020 **National Portfolio Days** – New York, Philadelphia, and Sarasota – traveled to cities to review high school portfolio applications to schools within the College of Art and Design. Represented and promoted art programs at RIT-CAD, especially the School of Film and Animation.
- 2018-2019 **Women in Film Scholarship** – Met with RIT Director of Development Katherine Bassney and Interim School Director Adrienne Carageorge to discuss implementing and funding a scholarship dedicated to encouraging young women to attend RIT-SOFA in live-action filmmaking. (Received “Certificate of Appreciation” in recognition of commitment and support for “Transforming RIT: The Campaign for Greatness” due to my efforts on this project.)
- 2014-2018 **Represented SOFA at College Art Career Day** for five consecutive years at the Albright-Knox Gallery in Buffalo, explaining and promoting the program to prospective students and parents interested in either a career in animation or live-action filmmaking.
- 2017 **Faculty Show Coordinator** – I planned and organized a show of SOFA faculty films in the Carlson Auditorium in November. It was a successful event in spite of problems with sound.
- 2015-2016 **Served on the CIAS (now CAD) Diversity Committee** with the ongoing goal of making the college more accessible and welcoming to underrepresented classes of students, staff, and faculty.
- 2014-2015 **CIAS Renaming Committee** – this committee set out to research and come up with a more accurately descriptive name than the current “College of Imaging Arts and Sciences.” I served on the Faculty Sub-Committee

We made a recommendation to the dean at the end of the academic year for the “College of Art, Design, and Media Science.” It was later shortened to the “College of Art and Design.”
