Annual Youth Sports Camps

United Natives offers youth sports camps nationwide, featuring training from former professional athletes, mental health experts, and Native professional development speakers. Our camps combine athletic skill-building with a focus on mental health, empowering and inspiring the next generation of Native leaders on and off the field. Over 625 youth served so far.

Annual MMIR Awareness Seminar

The MMIR Awareness Seminar by United Natives is dedicated to addressing the MMIR epidemic impacting Native communities. This event serves as a centralized platform to share data, resources, and strategies, aiming to raise awareness and drive actionable solutions for justice and prevention.

Elder Wood Hauling Program

Wood Hauling Program is a critical initiative that provides firewood to Native elders in communities that lack direct heat and rely on firewood for warmth during harsh winters.

Each load costs over \$200, and we have donated over 3,000 truckloads to date, ensuring that our elders stay warm and safe. This program is vital for supporting our most vulnerable community members during the coldest months of the year.
