Dear Colleagues,

We hope you are keeping well in these challenging times. We have found our footing with telephone and virtual consults and are happy to announce that we have re-opened for referrals. Both in-person and virtual appointments will be provided, upon triage.

We ask that you send along your patient's email address, so that we can communicate with them virtually. We are doing our best to adhere to privacy and confidentiality rules with respect to e-communication, but given the current climate this is not always possible.

Thank you for the work that you do every day.
