## PATIENT RIGHTS AND RESPONSIBILITIES

Longship Nursing and Consulting LLC (hereinafter “Longship”) understands the ethical and legal obligation it has to a patient regarding their rights when receiving medical care or treatment. These rights are designed to help ensure a patient receives appropriate and ethical healthcare while respecting their autonomy, dignity, and well-being. Alternatively, Longship requests patients recognize their unique role and responsibilities.

**Informed Consent:** Patients have the right to receive relevant and understandable information about their medical condition, proposed treatments, potential risks and benefits, and alternative options. Patients can then make informed decisions about their care after understanding the information provided. A patient has the right to ask questions at any point, change a decision, and seek second opinions.

**Privacy and Confidentiality:** Patients have the right to expect that their personal medical information will be kept confidential. Longship works hard to maintain the privacy of patient records and will only disclose information from the patients record either with consent or as required by law. To protect the confidential relationship, Longship representatives will not identify that a relationship exists while in public unless the patient initiates an interaction. Longship provides a separate Notice of Privacy Practices form.

**Access to medical records:** In general patients have the right to access medical records and obtain copies of their health information. Records are available to the patient or other medical/healthcare entities after a medical release of information (ROI) form that is compliant with Health Insurance Portability and Accountability Act (HIPAA) regulations has been signed by the patient. Records requested by the patient’s other healthcare providers will be sent electronically free of charge. Printed or electronically copied (CD/DVD/USB) records requested by the patient will cost \$5.00 per copy. Each entity requesting a medical record copy will require a separate ROI.

**Nondiscrimination:** Patients will be treated with fairness, respect, and without discrimination based on age, color, disability, genetic information, marital status, national origin, pregnancy, race, religion, gender, gender identity or expression, sex, sexual orientation, veteran status, or any other protected characteristic. Longship requests patients treat other patients and Longship representatives with similar respect.

**Right to refuse or withdraw treatment:** Patients have the right to refuse or discontinue treatment, even if it goes against medical advice, to the extent permitted by law. Patients have a right to make decisions about their own bodies and have the autonomy to accept or decline treatment. There are exceptions in certain circumstances, outlined by laws, such as when it may pose a risk to self or others.

**Right to quality care:** Patients have the right to receive high-quality, competent, and appropriate medical care that meets the standards of the healthcare profession. This includes being treated by qualified healthcare professionals in a safe and clean environment. Patients have the right to appropriately voice concerns about the service and care received.

**Right to access to pain management:** Longship understands patients have the right to have their pain assessed and manage appropriately. Longship does not manage chronic pain or chronic pain medications such as narcotics. Longship will assist patients in accessing specialties that manage chronic pain.

**Advanced Directives:** Patients have the right to choose an Advance Directive to designate the kind of care one wishes to receive should the patient be unable to express wishes. Longship does not prepare or draft Advanced

Directives, but recommends copies be kept on file with Longship records.

**Invoice Rights/Good Faith Estimate:** Patients have a right to receive an itemized statement and detailed explanation of the bill, aka Superbill. Longship will provide a detailed invoice within 30 days of appointment completion. Upon request, Longship can provide a good faith estimate prior to an appointment. A good faith estimate is based on details provided by the patient before the appointment and before a clinical examination is done. Please be aware other costs may be incurred based on additional needs found during an exam, Longship seeks to keep patients informed of any additional costs or changes.

**Minors Rights:** A parent or legal guardian must provide consent on behalf of a minor (under age 18) before health care services are provided, with several important exceptions. These exceptions are based on status (i.e. legal independence from parents/guardians) or type of service (certain sexual health and reproductive health issues, emergency services, and certain instances when a parent or guardian cannot be reached). A minor's right to privacy and confidentiality may be legally overridden in certain circumstances. These situations include suspicion of abuse or neglect, including physical injury or neglect, mental injury, sexual abuse, sexual exploitation, maltreatment.

**Patient Demands:** A right to make decisions about health care does not mean that a patient can demand treatment and/or services that are medically inappropriate, unsafe, unlawful, or unnecessary.

**Patient Responsibilities:** Patients are responsible for asking questions and making sure the instructions given are understood. Patients are responsible for following the suggestions and advice prescribed in a course of treatment by Longship (this does not supersede a patient's right to refuse treatment or withdraw treatment). Patients are responsible for keeping appointments and arriving on time. Patients are responsible for notifying Longship of demographic updates or changes in insurance status. Patients are responsible for being open and honest with Longship about health history, health changes, substance use, medications or changes, and over-the-counter vitamins/supplements or changes.

### Medicare Agreement

Dear Medicare Patient,

Medicare comes with unique challenges for both patients and providers. In contracting with Medicare, Longship Nursing and Consulting LLC (hereinafter “Longship”) may be required to bill a certain way, meet certain regulations, standards of care, etc. Longship contracts with Guardian Healthcare Solutions (hereinafter “Guardian”) for insurance billing. \_\_\_\_\_ Initials.

Medicare highly encourages all recipients to schedule an Annual Wellness Visit (AWV) once every 12 months. The AWV is a hand free visit, is a great tool for developing personalized health strategies every year. Annual or preventative physicals are not covered by Medicare. New Medicare patients are encouraged to schedule the AWV as the first appointment to facilitate transition of care. \_\_\_\_\_ Initials.

Medicare allows for telephone/telehealth if the encounter meets certain criteria. Medicare’s policies on telehealth encounters changes regularly and may not always be an option. Longship does offer in-home appointments in the Chugiak-Eagle River area for patients with significant mobility issues. Home visits have limited dates and may not be suitable for all appointment types. \_\_\_\_\_ Initials

Copay is due at completion of appointment. Exceptions may include supplementary/secondary coverage. As needed, invoices will be mailed to patients. A \$50.00 late fee may be incurred if payment is not received within 90 days. \_\_\_\_\_ Initials

Patients are encouraged to reach out to their insurance to understand coverage. As of August 2024, Longship has limited contracts with commercial insurances: Cigna, Aetna, and Multi-Plan. If a patient has secondary insurance that is not listed (Medicare Supplement plans may be an exception), please call to discuss as this may entail a different billing process. \_\_\_\_\_ Initials

Longship does not routinely store credit card information, physically or electronically. Patients should arrive at every appointment with the appropriate means to tender a co-pay. Most major credit/debit cards, personal checks, or cash are accepted. Venmo, PayPal, and other digital type payments are not accepted as the digital company may not meet the government mandated HIPAA/privacy regulations. Longship reserves the right to refuse personal checks after any incidents of non-sufficient funds (aka bounced checks), errors, or late payments. \_\_\_\_\_ Initials

In signing this agreement, the patient authorizes Longship/Guardian to bill Medicare for services.

Many patients let other individuals, such as family members, receive or request the patients' medical information (i.e. test results, imaging, billing information, etc.).
