COMPANY OVERVIEW

Since 2001, Stillwater Excavating has been delivering expertise and dedication to every project. Specializing in excavation services, we offer comprehensive solutions that include dirt work, trench excavating, gravel delivery and hauling, gravel supplying, road building and maintenance, and bank stabilization. With over two decades of experience, we are committed to quality, safety, and efficiency, working closely with our clients to meet their unique needs and deliver results that exceed expectations. Whether it's building solid foundations or stabilizing natural landscapes, Stillwater Excavating is your trusted partner in shaping and maintaining the land.

DIFFERENTIATORS

Stillwater Excavating operates its own gravel pit, producing crushed rock and offering a wide range of materials. With a diverse fleet of equipment, we deliver reliable services year-round, including dirt work, gravel hauling, and snow removal. Safety is our priority, with annual MSHA training ensuring the protection of our crew and clients.

PAST PERFORMANCE

Tippet Rise Art Center (May 2024 - September 2024)

Role: Prime Contractor \$351,560.50

Stillwater Excavating successfully completed multiple road rehabilitation projects, including excavation, grading, gravel hauling, subgrade preparation, and culvert installations, delivering reliable and precise outcomes.

Stillwater County (April 2023 - July 2023)

Role: Prime Contractor \$2.8 mil

Stillwater Excavating managed all aspects of the project, including embankment construction, gravel and riprap hauling, topsoil salvage, placement, and seeding, ensuring efficient execution and successful completion.

Sibanye Stillwater Mining Co. (June 2023 - November 2023)

Role: Prime Contractor \$1.5 mil

Stillwater Excavating completed a reclamation project with stormwater prevention, culvert installation, excavation, gravel placement, and grading, ensuring efficient, high-quality results.
