CAMERA RENTAL AGREEMENT

Cameras are free to rent for either the duration of the course or in preparation for a particular assignment. There is no fee associated with renting a camera.

However, the renter assumes all risk of loss of and damage to the equipment from every cause whatsoever, while the equipment is in the renter's possession. Any peripheral items associated with the equipment such as: power cords, camera case, straps, lens caps, batteries, memory cards, memory stick readers and lenses will be returned in the same condition as rented. The renter agrees to replace any items which are not returned or that are damaged so that other students will continue to have the same opportunities to rent cameras while they are taking photography courses.

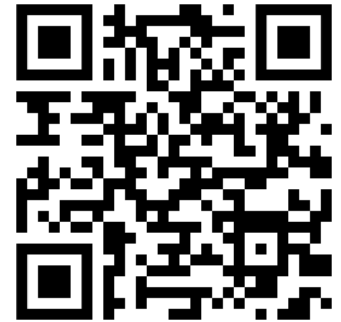

Equipment malfunction – if the equipment malfunctions, please inform Mr. Rives (601-941-1963) or email at Jrives@mc.edu as soon as possible. Please do not attempt to fix this yourself. This type of action often results in more severe damage that cannot be easily taken care of.

The cost of full replacement is based on used market value and availability. You will only be expected to pay the cost of the replacement and shipment of the camera and equipment you have damaged or lost.

This document needs to be signed by student and then returned to the instructor before any equipment will be handed out.
