

I am passionate about photography. In particular, I love wedding photography. I consider it a privilege to be a wedding photographer. My background is in visual arts and art education. I have been a professional photographer for over 17 years. I have also been sharing that passion with students for over 15 years now.

I enjoy forging relationships with people and having the opportunity to capture the intimate moments of their wedding. I try to show a blend of documentary and creative spontaneous photography in each wedding. I do my best to combine these two skill sets to bring you the best photography and to document your special day. I like to say that I blend into your wedding reception so I can capture your candid moments between you and your guests.

I have the privilege to work with the very best assistant. My wife, Cristie, is a second shooter and organizer at all of the weddings I take on. Dentist by day, photographer by night and on the weekends, she is the smart, organized, meticulous, and very detail oriented member of the team. As a result, we work well together. She is able to give special attention to the bride, helping make her day what it should be.

One of our goals is to be as unobtrusive as possible while still getting the shots and recording the memories that need to be made. We try to capture the mood and the energy of the event as the day unfolds. Along with a whole host of products we offer a la carte prints and packages, as well as options to purchase digital images.

Most weddings are \$1,300 to \$1,500 (determined by size of wedding party and location).

This fee includes a bridal or an engagement session and two photographers shooting the entire wedding. We begin with the groom and bride getting ready, I photograph the groom and my wife photographs the bride getting ready. We then photograph whole service and formal/posed portraits of family and wedding party. It is your choice whether to see each other before or after the wedding. We also photograph the reception for up to four hours. We are all along shooting candids as we go trying to capture the mood, feelings and excitement of the day. After the wedding day, we quickly get to editing. In a timely fashion, we will have your photographs up and ready to order out of your gallery on our site.

Justin, Thank you so much for your work! It was nothing less than exquisite!

You are amazing at capturing the radiance of lights and colors. Your angles and color manipulations bring each picture to life! As a person, you and your wife were amazing. You two are a wonderful couple full of life and care. We're very glad that we had you share this monumental episode in our lives, and that you helped us capture those memories with our wedding photos. We love that you both enjoyed yourselves at our wedding and hope to continue working with you in the future!

Vivi and John R.

Working with Justin was a wonderful experience. He made my session truly personal and made sure I was completely happy. He took a few ideas from me and ran with it to create beautiful pictures that were beyond my expectations. I enjoyed working with him immensely and would definitely recommend him in a heartbeat.

Justin Rives has been such a pleasure to work with. His talent and gifts go beyond just normal "taking pictures." His attention to detail and design really make his photos stand out among the rest. I can't recommend him enough to anyone out there needing quality pictures. On top of that, Justin is a really great guy to be around. He strives to make the most out of every shot he takes.

Justin will definitely be shooting for our second CD! Thanks so much, Justin!!

We highly recommend Justin Rives Photography for your special occasion photography needs. Our expectations were far exceeded! We could not have asked for a better documented wedding day than what we received as a result of choosing Justin Rives Photography. The photographs are absolutely beautiful and so accurately capture the special moments of our big day and depict our personalities perfectly. Justin and his wife Cristie are an amazing couple who work so well together; they each have an eye for creativity, and together, they never missed a beat. Not only are they professional, but it was easy to see that they both cared deeply about making our wedding day special. We felt right at home working with them, and their organization made our day go smoothly. They were so courteous throughout the planning process and were pleased to meet with us on more than one occasion to make sure we had everything in order for the big day. Proofs from the wedding day were uploaded and given to us in a very timely manner, which we very much appreciated! Having Justin Rives Photography as a part of our wedding day was one of the best decisions we made! We can never thank you enough for your professionalism and the wonderful job you both did in so beautifully capturing every moment of our wedding day!

Justin has taken both of our daughters senior portraits as well as several family pictures. He's always easy and fun to work with. He has gone out of the way to make sure we had exactly the pictures we wanted. He has great ideas for settings and poses, his pictures seem not only to represent the way our daughters look but their personalities as well. We always have a hard time choosing which pictures we want. His prices are extremely reasonable but even if they were not, we would still use him for our family pictures.

#### Marsha Walden

I am glad I chose Justin Rives to be my wedding photographer. He chose beautiful and creative locations for engagement pictures, including more scenic and more artsy backdrops. Early on our honeymoon we were able to look at the wedding pictures, which included every important moment as well as unscripted candid shots. No photograph lacked professional quality and his online ordering interface was user friendly for us and our family. If I had it to do all over again there is no doubt Id choose Justin Rives.

### Wedding Day Schedule

Most churches want all photography done by one hour before the ceremony starts. In order to have enough time and for you to not feel rushed, we like to take 1.5 hours if the bride and groom are not going to see each other before, and 2-2.5 hours if you are going to see each other before the ceremony. This is totally a personal decision, and we have done it both ways. Whatever is part of your dream wedding is what we will do.

Also, someone is almost always late. I recommend telling your party and family that these times are actually 15 minutes before the times listed below. That way, when they are 15 minutes late, they are actually on time!

Bride Name:	Groom Name:	
Date of Wedding:	Location:

After service, tell all of your family (including extended family – grandparents, aunts, uncles, cousins) to stay in sanctuary. The bride's party, groom's party, parents, and grandparents will need to go to a "hiding place", which will be determined at the site. They will stay there until we come get you, in order to get the pictures taken afterwards done quickly. That way, we can have you off to your reception in record time. We have found out in the past that if you go straight back into the sanctuary, or are somewhere where the guests can see you, it adds at least 30 minutes to the time to finish.

### Work Flow

After a wedding, we upload your images into our editing software.

- 1. Redundant photos are deleted.
- 2. Photos with eyes shut, bad expressions, and people not looking are deleted.
- 3. Minor editing is then done including basic cropping and exposure correction.
- 4. Once this is done, photos are uploaded onto your gallery. At this point, you will pick 10% of your favorite images for further editing and airbrushing. You do this by writing the image number down and either texting me the list or emailing it to me. The gallery allows you to make a favorites list, but it doesn't allow me to see that list. You can use that favorites list to narrow down, but I will still need the actual image number to know which ones you have selected.
- 5. Once I have your numbers, I complete the final edits and upload those to the end of your gallery. I will then send you a text allowing you to know that they are up and available.
- 6. At this point, give me a list of any photos that you want to delete. If we delete before, the numbering changes.
- If you have purchased the digital downloads code, you will at this point be able to download.
