## A Word from the Veteran Owner

If you, a friend or loved one, have served in the military, you know the military uses and lives by words like Heritage, Values, Morals, Loyalty, Duty, Respect, Self-Less Service, Honor, Integrity, Personal Courage, Traditions and Customs & Courtesies, just to name a few.

After completing a career of 22 years of Active Duty Service and multiple combat deployments (ultimately retiring as a 100% Disabled Combat Veteran), those values followed me into the “Civilian-World.” Clearly, long ago, I felt the need to “Serve” my country and it wasn’t something I could walk away from at the end of my military service. The desire to “Serve” was still there. After much thought, I decided to continue by serving my local community and offering this service, at what I believe to be a fair price, while providing an **unparalleled** level of **CARE, COMMITMENT and CUSTOMER SERVICE**. Patriot Pet Cremation was born and opened for business in May 2018. Since that time we have helped many pet owners find peace and solace when deciding on cremation for their pets. Surprisingly to me, is the fact that even in *their* time of despair, they still recognize the fact that they are supporting a military veteran owned business and would pause to say “thank you for your service” or that they chose us because we were a Disabled Veteran-Owned small business. It’s truly heart-touching to me, and makes this so much more rewarding. The fact that they are able to think of me and my sacrifices over the years, during *their* time of grief is immeasurable and more appreciated than they could possibly know. This isn’t just a job for me... it is so much more. I honestly care about the customers, their pets and their loss! **We are animal people! We Care! It Matters!**

I’m not a big corporation or large company that’s only out to make money. I’m just a retired Soldier who wants to help you during your loss and show you that great customer service and people who care still exist out there!

Thank you for considering and supporting my small business!

Very Respectfully,

## Dignity and Respect

Dignity and Respect are the cornerstone from which we have built our operation. It's not just an animal you have there, it's a part of your family! We treat *every* pet as if it were our own... as if it were one of our own family members! We are not a human cremation facility, that will squeeze your pet in along the way. We specialize in pets only. **We are a pet cremation facility!**

## Private Cremations

Many pet owners would like their pet to receive individual, or private cremation services. At Patriot Pet Cremation we only offer private cremations.

## 24 Hour Turn-Around

We offer a 24 hour, or less, turn-around time. Most times, if we receive your pet early in the day, we can get him/her back to you that same day for no extra charge!

## Flat Rate Pricing

We charge a flat rate fee, regardless of domestic pet size, of \$200. The flat rate fee includes a Temporary Urn and the Pet Tag.

## Pet Tag

When we receive your pet, we print a Stainless Steel tag that includes the pet's name and the date of the cremation. This tag is immediately placed with your pet and will remain with them throughout the process. The tag will survive the process and be placed into a heat sealed plastic bag with the cremains.

Many owners express concern and find themselves wondering "How do I know this is *really* my pet's cremains?" At Patriot Pet Cremation, it's important to us for the pet owner to have peace of mind. The customer can take comfort knowing the tag is inside to serve as confirmation.

## Availability

We stand ready to serve those who drop off and pick up their pets, on Nights, Week-Ends, and Holidays (odd hours) for no extra charge. Ask for details!

## Pickup/Delivery

Pickup and/or Delivery are available from your home, or veterinarian's office, for an additional fee of \$25 each way. In the rare occurrence multiple pets are picked up/delivered at the same address, in the same trip, the customer will incur an additional fee, equal to half of the pick up/delivery fee for the 2nd and subsequent pets. *Note: Pick up/delivery outside of a 40 mile radius of our location is \$50 each way, maximum trip distance is 75 miles one way.*

**Ready for us to serve you? Please call ahead:**

# URNS

## Temporary

The Temporary Urn is a hard plastic urn that is permanently sealable, if desired. Many pet owners wish to scatter, or bury, their pet's cremains. The Temporary Urn is the perfect solution for those owners and is included in the flat rate price. Additional urns are available for upgrade.

## Hand-Carved Rosewood

Beautifully made from solid Rosewood, displaying amazing and intricate craftsmanship, our Rosewood urn selections provide a way to keep your loving pet displayed in an elegant way at a surprisingly affordable price.

Available in Small, Medium, Large and Extra-Large, we have an urn that will fit your needs. While the weight of your pet does not affect the cremation service pricing, it will dictate which size urn your pet will require.

# CREMATION MEMORIAL JEWELRY

## Memorial Pendants & Key-Chains

Memorial Jewelry is like an urn, but on a much smaller scale. These keepsakes, which have a small amount of the pet's cremains permanently sealed inside, permit the owner to take a part of their loving pet with them wherever they may travel. It is also a meaningful way to share the pet's memory with friends, family or loved ones who formed an attachment to the pet over the years.

Also, like the urns, it's an inexpensive way to remember, display and cherish your pet for years to come. Each piece will come in a Patriot Pet Cremation jewelry box.

# OUR LOGO

## Symbolism behind our logo:

1. Our owner considers himself to be a Patriot, so that's where the name derived from.
2. The overall Red, White and Blue color scheme is representative of our Country's National Colors.
3. The flag the "patriot" is holding is based on the Betsy Ross flag.
4. The lantern, he is holding, is based on the lantern that Paul Revere used to signal the British are coming.
5. He is wearing the uniform of General George Washington.
6. The dog is a Weimaraner, named Crockett, after Davy Crockett and is symbolic of all our pets.
