

## 2017 - 2018 Team Goalie Coach Program

### Have A Professional Goalie Coach Attend Your Team Practices

McGuire Goaltending offers several different services for Team Goaltender Training. During the past season, we supplied goalie coaches and mentors to over 50 teams in the GH TL and OMHA.

Goaltenders repeat bad habits during team practices when they are not being watched by a professional goalie coach. It is just too hard for the team coach and assistants to focus on the development of the entire team and help the goaltenders.

Our coaches come to your practice and will ensure that your teams goalies are constantly improving during the season.

With our help your team can create its own customized training program for developing your goaltenders.

#### **Goalie Coach Attending Team Practice**

Have a goalie coach attend your team practice and work with your goalies. We would require Blue Line In for at least 30 - 45 minutes and then you can incorporate your goalies into the rest of the practice. Ideally, we would use the entire practice time with the goaltenders.

Most team's who use this service will have a goalie coach attend their practice at least once per week. A package of 20 sessions will usually cover an entire season.

#### **Goalie Instructor Only (Greater Toronto Area)**

- 1 Practice - \$110 + HST
- 10 Practices Prepaid - \$1,000 + HST (\$100 Each)
- 20 Practices - Prepaid - \$1,900 + HST (\$95 Each)

#### **Goalie Instructor + Shooter (Recommended for goaltenders who are ages 11 + older) (Greater Toronto Area)**

- 1 Practice - \$140 + HST = \$146.90
- 10 Practices Prepaid - \$1,300 + HST (\$130 Each)
- 20 Practices Prepaid - \$2,400 + HST (\$120 Each)

Success is a Choice
