Re-Entry Housing:

Life Is Work has engaged and supported over **75** individuals who are re-entering back into society and who are justice-involved. While establishing more partnerships to provide expungement services, record sealing to community.

Nutritional Support:

Partnership with Care It, Healthy Foods Foundation, to increase food accessibility during South and Westside Drop-In and to advocate for increased food distribution and reduce food waste by reusing and repurposing food donations for individuals and community distribution. This has allowed Life Is Work to donate food and other perishable items to other partners like the Children's Association Place to increase its reach and support vulnerable populations with disabilities on the Westside of Chicago.
