# ABOUT SYWE

**S**YWE Inc., a family-owned business, is the leading wholesale eco-friendly foodservice supply company based in Los Angeles, California. SYWE Inc. is dedicated to helping reduce plastic waste and helping businesses succeed along the way. We are a one-stop-shop with the broadest assortment of FDA-certified biodegradable food packaging and restaurant supplies. Every product SYWE Inc. offers is made of paper. At SYWE Inc., we offer 80+ paper food packaging and restaurant supplies including paper straws, cups, plates, kids' utensils, hot and cold take-out boxes, bowls, containers, to-go bags, and many more. We've got you covered with everything your business needs to function at its best from dine-in, carry-out, drive-through, to take-out delivery. To ensure that we offer the best quality products, our products are manufactured by the direct manufacturer to Hong Kong Starbucks, Tokyo Disneyland, KFC, and The Coca-Cola Company.

**E**very single piece of plastic ever made still exists today. Plastic takes hundreds of years to fully decompose and it's more likely that they will wind up in the ocean. Unlike plastic, our fully biodegradable paper products will decompose back into the Earth in about 14 days. If they do end up in the ocean, they will start to decompose within just 3 days. SYWE Inc. was founded with one goal in mind: to help your businesses keep our beautiful oceans and sea life plastic-free.

**A**s businesses become more aware of the negative impact of plastic and environmentally conscious, many businesses are making a commitment to the eco-friendly choice. Your customers have high expectations, and lawmakers are listening to them. We are here to provide you with an eco-friendly alternative so that you can feel safe sending out your food to your clients while making a good impression.

**W**e depend on our ecosystem, so WE decided to help protect our ecoSYstem. We are SYWE Inc. SYWE Inc. imagines a future where zero waste exists, a future where we can go to the beach and not find one single piece of washed-up plastic trash. Let us help you to keep our beautiful planet Earth green, the oceans blue, and the animals safe. All of us at SYWE Inc. would like to thank you for your interest in going green and taking the no-plastic pledge today. Small acts, when multiplied by millions,

can transform the world.
