

Cryptocurrency Guide

This guide will help you learn how to be your own bank. Cryptocurrency and Blockchain technology sets us all free and gives us control over our own money again.

It is not recommended to keep Cryptocurrencies on centralized exchanges. Store Cryptocurrencies in wallets that you have access and control over the private keys. If you do not have access and control over your private keys, then you do not have access and control over your Cryptocurrencies.

Methods of buying and acquiring Cryptocurrency

- Online through an exchange.
- Using Cash at a Cryptocurrency ATM. If you need to find a Cryptocurrency ATM near you, here is a website that will show you the closet Cryptocurrency ATM near you and it can help you decide which Cryptocurrency ATM will be right for you, <https://coinatmradar.com/> [Look for CoinFlip ATMs if you want to purchase XRP directly]
- Peer-to-peer sale.
- Trading.
- Mining.
- Staking.
