STRENGTH IN NUMBERS

The VSO provides a close association of private practice and academic otolaryngologists around the Commonwealth to join in a common effort to improving the quality and safety of health care and supporting the needs of the otolaryngologists who deliver that care. We provide a forum through which young otolaryngologists can share their thoughts and experiences with more established physicians.

ADVOCACY

We keep a close eye on the General Assembly and regulatory boards to offer commentary and advice for state legislators and members of the state regulatory boards.

EVENTS

Our 2020 Annual Meeting will be held at the Wintergreen Resort on May 15 & 16. Our Guest Speaker will be C. Gaelyn Garrett, MD from Vanderbilt University. She is a leading expert in Laryngology, and will address Keeping the Art of Medicine in Laryngology. We are pleased to welcome Carlton Zdanski, MD from the University of North Carolina as an expert in pediatric otolaryngology and John Carey, MD, Professor and Chief of the Division of Otology, Neurotology, and Skull Base Surgery at Johns Hopkins Health.. There will be other featured speakers, panel discussions, and resident abstracts as well. CME credits will be earned by all attendees. It is our annual gathering that we exchange information, form friendships, and solidify our presence in Virginia.

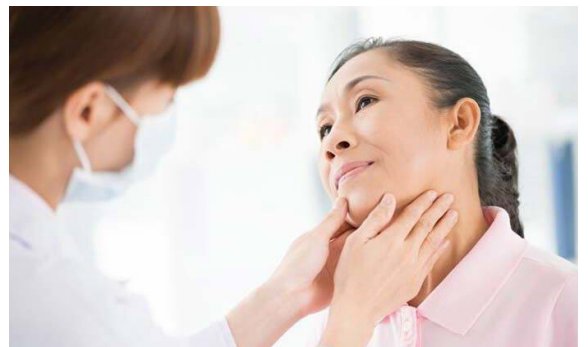

OPPORTUNITIES FOR INVOLVEMENT

- Serve as a Board Member or Resident Board Member
- Participate in one of our Committees
- Volunteer during our annual Head & Neck Cancer Screening
- Participate in our Lobby Day at the General Assembly
