Statement of Disclosure

I am not a veterinarian; I do not diagnose medical issues, offer medical advice, prescribe drugs, or perform surgery.

My role is that of a facilitator, assisting your animal to attain and maintain a naturally healthy state. The specific results of the bodywork sessions will be different for each animal: beneficial effects of massage and bodywork include blood and lymph circulation, endorphin release, increased trust and mood elevation, improved flexibility, body awareness, muscle efficiency, increase in performance, shortened recovery time from illness, injury, or surgery, emotional calming, and injury prevention.
