ABOUT US

Mena Dentals & Medical Supplies established in 2008 in Mosul-Iraq, Starting as a specialized dental supplies store registered at the Iraqi Ministry of Health, the company steadily progressed into a structured distribution and import operation—developing strong sourcing capabilities and reliable supply channels with manufacturers across China, Germany, Italy, Syria, Turkey, Korea and other international markets.

Today, Mena Dentals is focused on partnering with high-tier manufacturers and premium brands seeking a professional, long-term distributor in Iraq.

Our operations are led from a 200 m² headquarters situated on 1,240 m² of company-owned land, located on one of the most prestigious main streets in Mosul—the second-largest city in Iraq. This strategic base reflects our commitment to stability, professionalism, and scalable growth. We combine market knowledge, disciplined logistics, and customer-driven support to help brands grow sustainably and strengthen their presence across the Iraqi dental sector.

Mena Dentals has also expanded into a broader healthcare ecosystem through affiliated companies, including:

Diamond Dental Poly Clinic — a 560 m² modern, eco-friendly, solar-powered facility built on company-owned land, featuring KOLs (Key Opinion Leaders) and an upper-floor training center dedicated to advanced education and hands-on clinical development.

Eminence Medicals — a specialized company supporting the hospital line and general medical supplies, extending our reach beyond dentistry into wider healthcare needs.

With nearly two decades of market presence, Mena Dentals stands as a dependable Iraqi partner for manufacturers and brands that value quality, compliance, and premium market positioning.

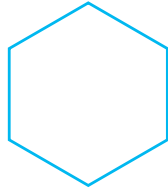

OUR VISION

Our vision is to exceed expectations by providing exceptional Medical and Dental devices and equipments to our customers and bring the future to you.

LEGACY IN DENTAL IMPLANTOLOGY

Since 2009, Mena Dentals has played a pioneering role in introducing and advancing dental implant systems within the Iraqi dental market. At a time when implantology was still emerging locally, Mena Dentals was among the early contributors to making modern implant solutions accessible to dental professionals in Iraq.

Beyond product availability, the company has consistently supported professional education and clinical advancement. In collaboration with the Dental Syndicate, Mena Dentals has sponsored and organized specialized training courses, workshops, and educational modules focused on dental implantology, contributing to the development of clinical expertise and best practices among Iraqi dentists in all the cities of Iraq and Kurdistan region.

With more than a decade of continuous involvement in implant systems, Mena Dentals has built a strong foundation of technical knowledge, market experience, and professional trust, reinforcing its position as a long-standing partner in the evolution of implant dentistry in Iraq.
