

Prosperity Spell

First, think about your life. What do you need that would make it easier? A new car? \$500? What is it specifically that you need right now?

Fix the idea in your head. Imagine that you have received it. That no one was harmed for your gain. Think about what your new car smells like. What you will do with the money. Imagine all the details.

Remind yourself that you deserve good things. That this is something that is natural and welcome.

Write on a post it note "Thank you. I am grateful. More please"

Fold the post it three times (towards you) and then three times again. put it under a candle and light it.

When you receive your Thing, do not forget to say thank you again.
