(circle)

- Cleanout and vent are accessible outside of building, and raised above grade aa minimum 6"
- There is a sewer ejector pump at this property that pumps sewage up to Authority's sewer main
- Private sewer lateral crosses neighboring private property
- Private sewer lateral connects to Authority's sewer in public right of way
- There is more than one structure at this address served by the private sewer lateral.
- Property has been verified as having no outside surface drains (rainwater runoff) connected to the sewer system
- Property has been verified as having no floor drains inside the building connected to the sewer system.
- Property has been verified as having no sump pumps connected to the sewer line inside the building.

I recommend the following repairs to restore normal lateral function:

**(PLEASE NOTE: ANY REPAIR REQUIRES A PERMIT FROM THE SCHWENKSVILLE BOROUGH @ 610-287-7442)**

Master Plumber Signature: \_\_\_\_\_ Date: \_\_\_\_\_ License # \_\_\_\_\_

- Recommended repairs have been made (enclose a copy of the repair authorization, contract, or invoices signed by the property owner)
- Lateral has been re-inspected to verify repairs
- I certify that the information, recommended repairs and video recording I have provided with this form are true and correct

The Information submitted herewith complies with all requirements set forth by the Borough of Schwenksville Code inclusive. I declare under penalty of perjury that all information submitted here applies to the listed address only:
