Smartphone Coupon Fundraising (SCF) is designed for Youth/School/Non-Profit groups to raise funds and give great value back to their boosters and the local business community in their area(s). The Program (APP) is offered to potential boosters for \$30 with \$20, plus potential bonus(s), going to the organization. Boosters have access to the current offers for 1 year from the date of purchase. For supporting various local organizations by adding your offers to the APP, your business will receive free advertising to smartphone users across your local footprint. You will be given access to your unique dashboard to keep track of your redemption metrics to help you manage your offers and redemptions. Also, your business will receive 1 complementary APP to use on your chosen smart phone.

We are asking each business for 3 offers – One Feature offer like Buy-One Get-One Free – Second like Free Appetizers with 2 Entries – Third, Free Drink with Lunch Special M-Th 11a-3p. Most Offers are set up as Once a Month, but you do have the options of One Time Only or Expires on xx/xx/xxxx. Offers can be changed by contacting your Service Representative for things like – Holidays, season(s), Special Events or whatever fits your businesses needs. Note: some business may not lend themselves to 3 offers so we are happy to accept single offers. Please contact SCF for more information)

To make this program unique in your area, we ask that your offer(s) for SCF are unique and not published elsewhere. This makes the APP a better value for the Organization(s) and their Boosters and increases the importance of your contribution. As a digital publishing format, merchant can update/change their offers as needed

Please return this completed form to your SCF Representative. SCF will create the coupons for your offers and send you copies prior to publication in the APP. We will pull images from your internet sites. If you want us to use any nonpublic images, please forward them along with this form.
