V-Hull Boat Lift

Sling Boat Lift

Designed for heavy-duty boat lift applications, the Max Overhead V-Hull Boat Lift is a complete lifting solution. Engineered by BH-USA with professionals and marinas in mind, this system is built to last. Wood joists support the 14-foot by 6-inch 6061-T6 U.S. aluminum overhead beams. Heavy-duty 1.5 HP stainless steel IP-sealed motors drive dual beltless, high-efficiency drives. The system is maintenance-free.

- **Quick Lift Speed Up To:** 2 ft/min
- **A-Drive:** Low-maintenance, with internal lubrication ensuring long-lasting performance.
- **Gear type Configuration:** 40:90
- **Gear Ratio:** 450:1

*This boat lift does not include wooden cradle bunk beams.

Aluminum Pile Mount Lifts

BH-USA Coastal Series Aluminum Pile Mount Lifts are made in the USA and feature a no-weld design, making them perfect for the harshest marine environments. Engineered for easy installation and use, they support lifting capacities from 6,000 to 35,000 lbs.

ALL our aluminum 4-post lifts require a minimum 8" piling, and the larger ones need a 10" piling.

(865) 224-3922

- Direct Drive Hoists
- Stainless steel motors
- Aluminum bunks
- All-stainless rigging
- No welds
- ▶ Made in the USA

Galvanized Pile Mount Lifts

BH-USA Galvanized Pile Mount Lifts are designed for secure mounting on four dock pilings. Choose between a pile mount lift with a cradle or a top beam set without a cradle. Our galvanized pile mount lifts do not include bunks.

(865) 224-3922

- ▶ Flat-plate drives
- ▶ Hot-dipped galvanized top beams
- ▶ All steel welded construction
- ▶ Built for any marine environment
- ▶ Strict zinc level requirements
- ▶ Made in the USA
